PROSPECTUS SUMMARY

The following summary highlights selected information contained elsewhere in this prospectus and in the documents incorporated by reference in this prospectus and does not contain all the information you will need in making your investment decision. You should read carefully this entire prospectus and the documents incorporated by reference in this prospectus before making your investment decision.

Our Company

CIM Commercial is a Maryland corporation and REIT. Our principal business is to acquire, own, and operate Class A and creative office investments in vibrant and improving urban communities throughout the United States. These communities are located in areas that include traditional downtown areas and suburban main streets, which have high barriers to entry, high population density, improving demographic trends and a propensity for growth. We believe that the critical mass of redevelopment in such areas creates positive externalities, which enhance the value of substantially stabilized assets in the area. We believe that these assets will provide greater returns than similar assets in other markets, as a result of the improving demographics, public commitment, and significant private investment that characterize these areas.

We are operated by affiliates of CIM Group, L.P., which we refer to as CIM Group or CIM. CIM Group is a vertically-integrated owner and operator of real assets with multidisciplinary expertise and in-house research, acquisition, investment, development, finance, leasing, and asset management capabilities. CIM Group is headquartered in Los Angeles, California and has offices in Oakland, California; Bethesda, Maryland; Dallas, Texas; and New York, New York.

Our wholly-owned subsidiary, CIM Urban Partners, L.P., which we refer to as CIM Urban, is party to an Investment Management Agreement with CIM Investment Advisors, LLC, an affiliate of CIM Group, pursuant to which CIM Investment Advisors, LLC provides services to CIM Urban. In addition, we are party to a Master Services Agreement with CIM Service Provider, LLC, which we refer to as the Operator, an affiliate of CIM Group, pursuant to which the Operator provides or arranges for other service providers to provide management and administration services to us.

We seek to utilize the CIM platform to acquire and improve assets within CIM's qualified communities, which we refer to as Qualified Communities. We believe assets in these markets provide greater returns as a result of improving demographics, public commitment, and significant private investment within the areas. Over time, we seek to expand our real estate investments in communities targeted by CIM Group for investment, supported by CIM Group's broad real estate capabilities, as part of our plan to prudently grow market value and earnings.

We acquire primarily in substantially stabilized real estate and real estate-related assets located in areas that CIM has targeted for opportunistic acquisition and operation. These areas include traditional downtown areas and suburban main streets, which have high barriers to entry, high population density, improving demographic trends and a propensity for growth. CIM believes that the critical mass of redevelopment in such areas creates positive externalities, which enhance the value of substantially stabilized assets in the area. CIM targets diverse types of real estate assets, including office, retail, for-rent and for-sale multifamily residential, hotel, parking, and signage through CIM's extensive network and its current opportunistic platforms.

We have elected to be taxed as a real estate investment trust, or REIT, for U.S. federal income tax purposes. To the extent we qualify for taxation as a REIT, we generally will not be subject to a federal corporate income tax on our taxable income that is distributed to our stockholders. We may, however, be subject to certain federal excise taxes and state and local taxes on our income and property. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income taxes at the regular corporate rate and will not be able to qualify as a REIT for four subsequent taxable years. In order to remain qualified as a REIT under the Internal Revenue Code of 1986, as amended, referred to as the Code, we must satisfy various requirements in each taxable year, including, among others, limitations on share ownership, asset diversification, sources of income, and the distribution of at least 90% of our taxable income within the specified time in accordance with the Code.

Our Common Stock is traded on NASDAQ and the TASE, in each case under the ticker symbol "CMCT." Our principal executive offices are located at 17950 Preston Road, Suite 600, Dallas, Texas 75252 and our telephone number is (972) 349-3200. Our internet address is <http://www.cimcommercial.com>. See “Description of Capital Stock—Restrictions on Ownership and Transfer of Capital Stock” included in this prospectus.
<i>Risk Factors</i>	An investment in our Common Stock involves risks. Please read the section entitled “Risk Factors” below as well as “Risk Factors” included in our most recent Annual Report on Form 10-K for the year ended December 31, 2016.

RISK FACTORS

Acquiring our Common Stock involves a high degree of risk. You should carefully consider the risk factors below, risk factors incorporated by reference to our Annual Report on Form 10-K for the year ended December 31, 2016, and all other information contained in this prospectus or incorporated by reference before making a decision to purchase our securities. These factors, which are not all-inclusive, could have a material adverse effect on our business, financial condition, results of operations, cash flow or our ability to satisfy our debt service obligations, to maintain our level of Common Stock dividends or to engage in further repurchases of Common Stock. For more information, see the section entitled “Where You Can Find More Information.”

The listing of our Common Stock on more than one stock exchange may result in price variations that could adversely affect liquidity of the market for our securities.

Our Common Stock is listed on NASDAQ and the TASE. The dual-listing of our Common Stock may result in price variations of our Common Stock between the two exchanges due to a number of factors. First, trading in our Common Stock on these markets takes place in different currencies (U.S. dollars, or USD, on NASDAQ and Israeli new shekels, or ILS, on the TASE). In addition, the exchanges are open for trade at different times of the day and on different days. For example, NASDAQ opens generally during U.S. business hours, Monday through Friday, while the TASE opens generally during Israeli business hours, Sunday through Thursday. The two exchanges also observe different public holidays. Differences in the trading schedules, as well as volatility in the exchange rate of the two currencies, among other factors, may result in different trading prices for our Common Stock on the two exchanges. Any decrease in the trading price of our Common Stock in one market could cause a decrease in the trading price of our Common Stock on the other market.

The dual-listing may adversely affect liquidity and trading prices for our Common Stock on one or both of the exchanges as a result of circumstances that may be outside of our control. For example, transfers by our stockholders from trading on one exchange to the other could result in increases or decreases in liquidity and/or trading prices on either or both of the exchanges. In addition, prospective and existing stockholders could seek to sell or buy our Common Stock to take advantage of any price differences between the two markets through a practice referred to as arbitrage. Any arbitrage activity could create unexpected volatility in both the prices and volumes of our Common Stock available for trading on either exchange.

Our Common Stock ranks junior to our series L preferred stock, which we refer to as the Series L Preferred Stock, except to the extent of the Initial Dividend (as defined below), with respect to distributions.

The rights of the holders of shares of our Common Stock rank junior to the rights of the holders of shares of our Series L Preferred Stock as to distributions and upon liquidation, except to the extent of the Initial Dividend. The Initial Dividend for a given year is a minimum annual amount, in USD, that is announced by us at the end of the prior fiscal year. While there are no limitations on the maximum amount of the Initial Dividend that can be paid in a particular year, it is our intention that we will not announce an Initial Dividend for any given year that, based on the information then reasonably available to us at the time of announcement, we believe will cause us to be unable to make a future distribution on our Series L Preferred Stock or on any other outstanding share of preferred stock. Subject to certain exceptions, holders of our Series L Preferred Stock are entitled to cumulative cash distributions on each share of Series L Preferred Stock, which we refer to as the Series L Preferred Distribution, at an annual rate of 5.5 percent (5.5%), which rate is subject to increase in certain circumstances, of the stated value of the Series L Preferred Stock of \$28.37 (subject to adjustment), which we refer to as the Series L Stated Value. We must declare and pay the Initial Dividend on shares of our Common Stock prior to declaring and paying any portion of the Series L Preferred Distribution. Other than to the extent of the Initial Dividend, the rights of the holders of shares of our Common Stock rank junior to the rights of holders of shares of our Series L Preferred Stock to the extent of the Series L Preferred Distribution. In addition, the rights of the holders of shares of our Common Stock rank junior to the rights of holders of shares of our series A preferred stock, which we refer to as our Series A Preferred Stock, with respect to distributions, as described further in “Risk Factors—Our Common Stock ranks junior to the Series A Preferred Stock with respect to dividends and upon liquidation” included in our most recent Annual Report on Form 10-K for the year ended December 31, 2016.

Our Common Stock ranks junior to the Series L Preferred Stock upon liquidation, except that our Common Stock ranks senior to any accrued and unpaid Series L Preferred Distribution to the extent of the Initial Dividend.

Upon any voluntary or involuntary liquidation, dissolution or winding up of our Company, the holders of shares of our Series L Preferred Stock are entitled to receive a liquidation preference in the amount of the Series L Stated Value, prior and in

[Table of Contents](#)

preference to any dividend distribution to the holders of shares of our Common Stock or any other class of our equity securities. However, holders of our Common Stock are entitled to receive, prior to our payment to holders of our Series L Preferred Stock of any accrued and unpaid Series L Preferred Distribution, an amount equal to the amount of any unpaid Initial Dividend. In addition, the rights of the holders of shares of our Common Stock rank junior to the rights of holders of shares of our Series A Preferred Stock upon liquidation, dissolution or winding up of our Company, as described further in “Risk Factors—Our Common Stock ranks junior to the Series A Preferred Stock with respect to dividends and upon liquidation” included in our most recent Annual Report on Form 10-K for the year ended December 31, 2016.

Changes in U.S. federal, state and local tax laws or regulations could have a negative effect on the Company and its shareholders.

New legislation, U.S. Treasury regulations, administrative interpretations or court decisions could significantly and negatively affect the Company’s ability to qualify to be taxed as a REIT and/or the U.S. federal income tax consequences to holders of our securities and to the Company of such qualification. In addition, recent events and the shortfall in tax revenues for states and municipalities in recent years may lead to an increase in the frequency and size of such tax law changes. Congress recently enacted new legislation that includes numerous significant tax law changes. Even changes that do not impose greater taxes on the Company could potentially result in adverse consequences to holders of Common Stock. For example, the legislation includes a decrease in corporate tax rates, which could decrease the attractiveness of REITs relative to companies that are not organized as REITs. The legislation does, however, permit noncorporate holders of Common Stock to deduct an amount equal to 20 percent (20%) of certain REIT dividends. See the section entitled “Material U.S. Federal Income Tax Consequences” for further information.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

The information set forth herein contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, which we refer to as the Securities Act, and Section 21E of the Securities Exchange Act of 1934, which we refer to as the Exchange Act, which are intended to be covered by the safe harbors created thereby. On July 1, 2016, we commenced our reasonable best efforts public offering of up to 36,000,000 Series A Units, with each Series A Unit consisting of one share of Series A Preferred Stock and one detachable warrant to purchase 0.25 of a share of our Common Stock, which we refer to as a Warrant. The Board of Directors also designated a series of preferred stock entitled the Series L Preferred Stock and, on November 20, 2017, the Company issued 8,080,740 shares of Series L Preferred Stock following a public auction process conducted in Israel.

As of January 8, 2018, 43,784,939 shares of our Common Stock were issued and outstanding. Our Common Stock was held by approximately 511 stockholders of record as of January 8, 2018. As of January 8, 2018, 1,285,304 shares of our Series A Preferred Stock and 1,287,169 of our Warrants were issued and outstanding. As of January 8, 2018, 8,080,740 shares of our Series L Preferred Stock were issued and outstanding. Under Maryland law, our stockholders are not generally liable for our debts or obligations solely as a result of their status as stockholders.

Common Stock

All of the shares of Common Stock offered in this offering are duly authorized, validly issued, fully paid and nonassessable. Subject to the preferential rights of any other class or series of our stock and to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, holders of shares of our Common Stock are entitled to receive dividends and other distributions on such shares if, as and when authorized by our Board of Directors out of assets legally available therefor and declared by us and to share ratably in the assets of our Company legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up after payment or establishment of reserves for all known debts and liabilities of our Company.

Subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock and except as may otherwise be specified in the terms of any class or series of our stock, each outstanding share of our Common Stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors, and, except as provided with respect to any other class or series of stock, the holders of shares of Common Stock will possess the exclusive voting power. There is no cumulative voting in the election of our directors. A plurality of all the votes cast at a meeting of stockholders duly called and at which a quorum is present shall be sufficient to elect a director. Each share of Common Stock entitles the holder thereof to vote for as many individuals as there are directors to be elected and for whose election the holder is entitled to vote. A majority of the votes cast at a meeting of stockholders duly called and at which a quorum is present shall be sufficient to approve any other matter which may properly come before the meeting, unless more than a majority of the votes cast is required by the MGCL or by our charter.

Holders of shares of our Common Stock have no preference, conversion, exchange, sinking fund or redemption rights and have no preemptive rights to subscribe for any securities of our Company. Our charter provides that our common stockholders generally have no appraisal rights unless our Board of Directors determines prospectively that appraisal rights will apply to one or more transactions in which holders of our Common Stock would otherwise be entitled to exercise appraisal

[Table of Contents](#)

rights. Subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, holders of our Common Stock will have equal dividend, liquidation and other rights.

Series A Preferred Stock

Our Series A Preferred Stock has no voting rights and ranks senior to our Common Stock with respect to payment of dividends and distribution of amounts upon liquidation, dissolution or winding up. Holders of our Series A Preferred Stock are entitled to receive, when, and as authorized by our Board of Directors and declared by us out of legally available funds, cumulative cash dividends on each share of Series A Preferred Stock at an annual rate of five and one-half percent (5.5%) of the stated value, which is initially \$25.00. Dividends on each share of Series A Preferred Stock begin accruing on, and are cumulative from, the date of issuance.

Holders of our Series A Preferred Stock have the right to require us to redeem such shares beginning on the date of original issuance of such shares at a redemption price equal to the stated value of the Series A Preferred Shares, which we refer to as the Stated Value, less a redemption fee of 13% beginning on the date of original issuance until but excluding the second anniversary thereof or a redemption fee of 10% beginning on the second anniversary of the date of original issuance until but excluding the fifth anniversary of the date of original issuance, in each case plus any accrued but unpaid dividends. If a holder of shares of Series A Preferred Stock causes the Company to redeem such shares, we will pay the redemption price in cash or, on or after the first anniversary of the issuance of the shares of Series A Preferred Stock to be redeemed, at our option and in our sole discretion, in equal value through the issuance of shares of Common Stock, based on the volume weighted average price of our Common Stock for the 20 trading days prior to the redemption. Additionally, from and after the fifth anniversary of the date of original issuance of any shares of Series A Preferred Stock, we will have the right to redeem such shares at 100% of Stated Value, plus any accrued but unpaid dividends, in cash or in equal value through the issuance of shares of Common Stock.

Warrants

Each Warrant is exercisable for 0.25 of a share of our Common Stock, subject to adjustment, at an exercise price equal to a 15% premium to the fair market net asset value of the Company per share of Common Stock as most recently published by the Company at the time of the issuance of the applicable Warrant. Holders of our Warrants may exercise their Warrants at any time beginning on the first anniversary of the date of issuance up to 5:00 p.m., New York time, on the date that is the fifth anniversary of the date of issuance, which we refer to as the termination date. The Warrants are exercisable, at the option of each holder, in whole, but not in part, for no less than 50 shares of our Common Stock, unless such holder does not at the time of exercise own a sufficient number of Warrants to do so. Any Warrant that is outstanding after the termination date of such Warrant shall be automatically terminated.

A holder of our Warrants does not have the right to exercise any portion of a Warrant to the extent that, after giving effect to the issuance of shares of our Common Stock upon such exercise, the holder (together with its affiliates and any other persons acting as a group together with such holder or any of its affiliates) would beneficially or constructively own shares of Common Stock (i) in excess of 9.8% in value or number of shares, whichever is more restrictive, of the shares of Common Stock outstanding or (ii) that would otherwise result in the violation of any of the restrictions on ownership transfer of our stock contained in our charter, in each case, immediately after giving effect to the issuance of shares of Common Stock upon exercise of the Warrant, as discussed below in “Restrictions on Ownership and Transfer of Capital Stock.”

Series L Preferred Stock

Our Series L Preferred Stock has no voting rights. Subject to certain exceptions, holders of our Series L Preferred Stock are entitled to receive, when, and as authorized by our Board of Directors and declared by us out of legally available funds, cumulative cash dividends on each share of Series L Preferred Stock, which we refer to as the Series L Preferred Distribution, at an annual rate of five and one-half percent (5.5%), which rate is subject to increase under certain circumstances, of the stated value of the Series L Preferred Stock of \$28.37 (subject to adjustment), which we refer to as the Series L Stated Value. The distributions on each share of Series L Preferred Stock are cumulative from (and including) the date of issuance. If the Company fails to timely declare distributions or fails to timely pay distributions on the Series L Preferred Stock, the annual dividend rate of the Series L Preferred Stock will temporarily increase by 1.0%, up to a maximum rate of 8.5%.

We must declare and pay the Initial Dividend, which for a given year is a minimum annual amount, in USD, that is announced by us at the end of the prior fiscal year, on shares of our Common Stock prior to declaring and paying any portion of the Series L Preferred Distribution. While there are no limitations on the maximum amount of the Initial Dividend that can be

[Table of Contents](#)

paid in a particular year, it is our intention that we will not announce an Initial Dividend for any given year that, based on the information then reasonably available to us at the time of announcement, we believe will cause us to be unable to make a future distribution on our Series L Preferred Stock or on any other outstanding share of preferred stock. Our Board of Directors on December 21, 2017 announced an Initial Dividend for fiscal year 2018 in the amount of \$21,892,469.

Our Series L Preferred Stock ranks senior to our Common Stock with respect to payment of distributions, except with respect to and only to the extent of the Initial Dividend. Additionally, our Series L Preferred Stock ranks, with respect to rights upon our liquidation, dissolution or winding up, senior to our Common Stock to the extent of the Series L Stated Value and, except to the extent of the Initial Dividend, senior to our Common Stock with respect to any accrued and unpaid Series L Preferred Distributions.

From and after the fifth anniversary of the date of original issuance the Series L Preferred Stock, subject to certain conditions, the Company may redeem shares of Series L Preferred Stock at a redemption price equal to the Series L Stated Value, plus all accrued and unpaid distributions. Additionally, from and after the fifth anniversary of the date of original issuance of the Series L Preferred Stock, each holder of shares of Series L Preferred Stock will have the right to require the Company to redeem such shares at a redemption price equal to the Series L Stated Value, plus, provided certain conditions are satisfied as of the applicable redemption date and the Company is otherwise permitted to pay distributions on the Series L Preferred Stock, all accrued and unpaid distributions, if any, up to and including the applicable redemption date. Notwithstanding the foregoing, a holder of shares of Series L Preferred Stock may require the Company to redeem such shares at any time prior to the fifth anniversary of the date of original issuance of the Series L Preferred Stock if (1) the Company does not declare and pay in full the distributions on the Series L Preferred Stock for any annual period prior to such fifth anniversary (provided that the first distribution on the Series L Preferred Stock is not payable until January 2019) and (2) the Company does not declare and pay all accrued and unpaid distributions on the Series L Preferred Stock for all past dividend periods prior to the applicable holder redemption date.

The redemption price will be paid at the election of the Company, in its sole discretion, (1) in cash in Israeli new shekels, or ILS, or (2) in shares of Common Stock based on the lower of (i) the net asset value of the Company per share of Common Stock as most recently published by the Company as of the redemption date and (ii) the volume weighted average price of our Common Stock for the 20 trading days prior to the redemption, or (3) in any combination of cash, in ILS, and Common Stock, based on the foregoing conversion mechanisms.

Classification or Reclassification of Capital Stock

Our charter authorizes our Board of Directors to classify and reclassify any unissued shares of Common Stock or Preferred Stock into other classes or series of stock, including one or more classes or series of stock that have priority with respect to voting rights, dividends or upon liquidation over our Common Stock, and authorizes us to issue the newly-classified shares. Prior to the issuance of shares of each new class or series, our Board of Directors is required by Maryland law and by our charter to set, subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock and the terms of any other class or series of our stock then outstanding, the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption for each class or series. Our Board of Directors may take these actions without stockholder approval unless stockholder approval is required by the rules of any stock exchange or automatic quotation system on which our securities may be listed or traded or the terms of any other class or series of our stock. Therefore, our Board of Directors could authorize the issuance of shares of common or preferred stock with terms and conditions that could have the effect of delaying, deferring or preventing a change in control or other transaction that might involve a premium price for shares of our Common Stock or otherwise be in the best interest of our stockholders.

Restrictions on Ownership and Transfer of Capital Stock

Our charter, subject to certain exceptions, contains certain restrictions on the number of shares of our stock that a person may own. Our charter contains a stock ownership limit which prohibits any person, unless exempted by our Board of Directors, from acquiring or holding, directly or indirectly, applying attribution rules under the Internal Revenue Code of 1986, as amended, which we refer to as the Code, shares of stock in excess of 9.8% in number of shares or value, whichever is more restrictive, of the aggregate of the outstanding shares of our stock or 9.8% of the number of shares or value, whichever is more restrictive, of the shares of our outstanding Common Stock. Pursuant to our charter, our Board of Directors has the power to increase or decrease the percentage of stock that a person may beneficially or constructively own. However, any decreased stock ownership limit will not apply to any person whose percentage ownership of our stock is in excess of such decreased

[Table of Contents](#)

stock ownership limit until that person's percentage ownership of our stock equals or falls below the decreased stock ownership limit. Until such a person's percentage ownership of our stock falls below such decreased stock ownership limit, any further acquisition of stock will be in violation of the decreased stock ownership limit.

Our charter further prohibits (1) any person from beneficially or constructively owning our stock that (i) would result in us being "closely held" under Section 856(h) of the Code (without regard to whether the shares are owned during the last half of a taxable year), (ii) would cause us to constructively own 10% or more of the ownership interests in a tenant of our real property within the meaning of Section 856(d)(2)(B) of the Code or (iii) would otherwise cause us to fail to qualify as a REIT, or (2) any person from transferring our stock if such transfer would result in our stock being beneficially owned by fewer than 100 persons. Any person who acquires or attempts or intends to acquire beneficial or constructive ownership of our stock that will or may violate any of the foregoing restrictions on transfer and ownership, or who is the intended transferee of shares of our stock that are transferred to the trust (as described below), is required to give written notice immediately to us or, in the event of a proposed or attempted transfer, at least 15 days prior written notice to us and provide us with such other information as we may request in order to determine the effect of such transfer on our qualification as a REIT. The foregoing restrictions on transfer and ownership will not apply if our Board of Directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT or that compliance with such restrictions is no longer required in order for us to qualify as a REIT.

Our Board of Directors, in its sole discretion, may exempt, prospectively or retroactively, a person from each of the foregoing restrictions except those listed under (1)(i), (iii) and (2) in the preceding paragraph. The person seeking an exemption must provide such representations, covenants and undertakings as our Board of Directors may deem appropriate to conclude that granting the exemption will not cause us to lose our qualification as a REIT. Our Board of Directors may also require a ruling from the Internal Revenue Service or an opinion of counsel in order to determine or ensure our qualification as a REIT in the context of granting such exemptions. Our Board of Directors has waived the 9.8% ownership limit and the restrictions listed under (1)(ii) in the preceding paragraph for Urban Partners II, LLC, an affiliate of CIM Group, which we refer to as Urban II, CIM Urban REIT, LLC, which we refer to as CIM REIT, CIM Urban Partners GP, LLC, the Operator and persons owning a direct or indirect interest in Urban II, CIM REIT, CIM Urban Partners GP, LLC or the Operator.

Any attempted transfer of shares of our stock which, if effective, would result in a violation of the foregoing restrictions will cause the number of shares of our stock causing the violation (rounded up to the nearest whole share) to be automatically transferred to a trust for the benefit of one or more charitable beneficiaries, and the proposed transferee will not acquire any rights in such stock. The automatic transfer will be deemed to be effective as of the close of business on the business day (as defined in our charter) prior to the date of the transfer. If, for any reason, the transfer to the trust does not occur or would not prevent a violation of the restrictions on transfer and ownership contained in our charter, our charter provides that the purported transfer will be treated as invalid from the outset. Shares of stock held in the trust will be issued and outstanding shares. The proposed transferee will not benefit economically from ownership of any stock held in the trust, will have no rights to dividends and no rights to vote or other rights attributable to the shares of stock held in the trust. The trustee of the trust will have all voting rights and rights to dividends or other distributions with respect to shares held in the trust. These rights will be exercised for the exclusive benefit of the charitable beneficiary. Any dividend or other distribution paid prior to our discovery that shares of our stock have been transferred to the trust will be paid by the recipient to the trustee upon demand. Any dividend or other distribution authorized but unpaid will be paid when due to the trustee. Any dividend or other distribution paid to the trustee will be held in trust for the charitable beneficiary. Subject to Maryland law, the trustee will have the authority to rescind as void any vote cast by the proposed transferee prior to our discovery that the shares have been transferred to the trust and to recast the vote in accordance with the desires of the trustee acting for the benefit of the charitable beneficiary. However, if we have already taken irreversible corporate action, then the trustee will not have the authority to rescind and recast the vote.

Within 20 days of receiving notice from us that shares of our stock have been transferred to the trust, the trustee will sell the shares to a person designated by the trustee, whose ownership of the shares will not violate the above ownership limitations. Upon such sale, the interest of, the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee and to the charitable beneficiary as follows: the proposed transferee will receive the lesser of (1) the price paid by the proposed transferee for the shares, or, if the proposed transferee did not give value for the shares in connection with the event causing the shares to be held in the trust (e.g., a gift, devise or other similar transaction), the market price (as defined in our charter) of the shares on the day of the event causing the shares to be held in the trust and (2) the price per share received by the trustee from the sale or other disposition of the shares. The trustee may reduce the amount payable to the proposed transferee by the amount of dividends and other distributions paid to the proposed transferee and owned by the proposed transferee to the trust.

Any net sale proceeds in excess of the amount payable to the proposed transferee will be paid immediately to the

[Table of Contents](#)

charitable beneficiary. If, prior to our discovery that our stock have been transferred to the trust, the shares are sold by the proposed transferee, then (1) the shares shall be deemed to have been sold on behalf of the trust and (2) to the extent that the proposed transferee received an amount for the shares that exceeds the amount the proposed transferee was entitled to receive, the excess shall be paid to the trustee upon demand.

In addition, shares of our stock held in the trust will be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of the price per share in the transaction that resulted in the transfer to the trust (or, in the case of a devise or gift, the market price at the time of the devise or gift) and the market price on the date we, or our designee, accept the offer. We may reduce the amount payable to the proposed transferee by the amount of dividends and other distributions paid to the proposed transferee and owned by the proposed transferee to the trust. We will have the right to accept the offer until the trustee has sold the shares. Upon a sale to us, the interest of the charitable beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the proposed transferee.

Every owner of more than 5% (or such lower percentage as required by the Code or the regulations promulgated thereunder) in number or in value of the outstanding shares of our stock, including our Common Stock, within 30 days after the end of each taxable year, will be required to give written notice to us stating the name and address of such owner, the number of shares of each class and series of shares of our stock that the owner beneficially owns and a description of the manner in which the shares are held. Each owner shall provide to us such additional information as we may request to determine the effect, if any, of the beneficial ownership on our qualification as a REIT and to ensure compliance with the ownership limitations. In addition, each beneficial or constructive owner and each person who is holding shares of our stock for such owner will, upon demand, be required to provide to us such information as we may request to determine our qualification as a REIT and to comply with the requirements of any taxing authority or governmental authority or to determine such compliance and to ensure compliance with the ownership limits.

These ownership limitations could delay, defer or prevent a transaction or a change in control that might involve a premium price for our Common Stock or might otherwise be in the best interests of our stockholders.

Stock Exchange Listing

Our Common Stock is traded on NASDAQ and the TASE, in each case under the ticker symbol "CMCT."

Transfer Agent and Registrar

The transfer agent and registrar for shares of our Common Stock is American Stock Transfer and Trust Company.

Registration Rights

The Selling Stockholder is entitled to registration rights, subject to certain limitations, with respect to our securities pursuant to the Registration Rights and Lockup Agreement. The Selling Stockholder is entitled to require us, on up to eight occasions, to register under the Securities Act, shares of our Common Stock it received in connection with the merger agreement, dated July 8, 2013, between PMC Commercial Trust, CIM REIT and subsidiaries of the respective parties. While the Selling Stockholder was initially subject to lockup restrictions in the Registration Rights and Lockup Agreement, the lockup restrictions have expired and, therefore, CIM REIT, as the affiliate of Urban II, may seek to sell or otherwise distribute shares of our Common Stock that it holds.

CERTAIN PROVISIONS OF THE MARYLAND GENERAL CORPORATION LAW AND OUR CHARTER AND BYLAWS

The following summary of certain provisions of Maryland law and our charter and bylaws contains the material terms of our charter and bylaws and is subject to, and qualified in its entirety by, reference to Maryland law and to our charter and bylaws.

Our Board of Directors

Our charter and bylaws provide that the number of directors may be established, increased or decreased by a majority of our entire Board of Directors, but may not be fewer than the minimum number required by the MGCL (which currently is one) or, unless our bylaws are amended, more than 25. Any vacancy on our Board of Directors, whether resulting from an increase in the number of directors or otherwise, may only be filled by the affirmative vote of a majority of the remaining directors, even if such a majority constitutes less than a quorum. Except as may be provided with respect to any class or series of our stock, at each annual meeting of our stockholders, each of our directors will be elected by the holders of our Common Stock to serve until the next annual meeting of our stockholders and until his or her successor is duly elected and qualifies.

Removal of Directors

Our charter provides that, subject to the rights of holders of one or more classes or series of preferred stock, a director may be removed with or without cause and by the affirmative vote of at least two-thirds of the votes entitled to be cast by our stockholders generally in the election of our directors. This provision, when coupled with the exclusive power of our Board of Directors to fill vacant directorships, may preclude stockholders from removing incumbent directors except by a substantial affirmative vote and filling the vacancies created by such removal with their own nominees.

Limitation of Liability and Indemnification

Maryland law permits a Maryland corporation to include in its charter a provision eliminating the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active or deliberate dishonesty established in a judgment or other final adjudication to be material to the cause of action. Our charter contains a provision that eliminates the liability of our directors and officers to the maximum extent permitted by Maryland law.

Maryland law requires a Maryland corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in that capacity. Maryland law permits a Maryland corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or other capacities unless it is established that:

- an act or omission of the director or officer was material to the matter giving rise to the proceeding and
 - was committed in bad faith or
 - was the result of active and deliberate dishonesty;
- the director or officer actually received an improper personal benefit in money, property or services; or
- in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, Maryland law permits a Maryland corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

- a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of

[Table of Contents](#)

conduct necessary for indemnification by the corporation; and

- a written undertaking by the director or officer or on the director's or officer's behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the director or officer did not meet the standard of conduct.

Our charter and bylaws obligate us, to the maximum extent permitted by Maryland law, to indemnify and, without requiring a preliminary determination of the ultimate entitlement to indemnification, pay or reimburse reasonable expenses in advance of final disposition of a proceeding to:

- any present or former director or officer who is made, or threatened to be made, a party to, or witness in, the proceeding by reason of his or her service in that capacity; or
- any individual who, while a director or officer of our Company and at our Company's request, serves or has served another corporation, real estate investment trust, limited liability company, partnership, joint venture, trust, employee benefit plan or any other enterprise as a director, officer, trustee, member, manager or partner and who is made, or threatened to be made, a party to, or witness in, the proceeding by reason of his or her service in that capacity.

Our charter and bylaws also permit us, subject to approval from our Board of Directors, to indemnify and advance expenses to any person who served a predecessor of our Company in any of the capacities described above and to any employee or agent of our Company or a predecessor of our Company.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and named executive officers. Each Indemnification Agreement provides that we will indemnify and hold harmless each such director or named executive officer to the fullest extent permitted by law.

Business Combinations

Under the MGCL, certain "business combinations," including a merger, consolidation, statutory share exchange or, in certain circumstances, an asset transfer or issuance or reclassification of equity securities, between a Maryland corporation and an "interested stockholder" or an affiliate of such an interested stockholder, are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. An "interested stockholder" is, generally, any person who beneficially owns, directly or indirectly, 10% or more of the voting power of the corporation's outstanding voting shares or an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner, directly or indirectly, of 10% or more of the voting power of the then outstanding voting shares of the corporation.

After such five-year period, any such business combination must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least (a) 80% of the votes entitled to be cast by holders of outstanding voting shares of the corporation and (b) two-thirds of the votes entitled to be cast by holders of voting shares of the corporation other than shares held by the interested stockholder with whom (or with whose affiliate) the business combination is to be effected or held by an affiliate or associate of the interested stockholder, unless, among other conditions, the corporation's common stockholders receive a minimum price (as defined in the MGCL) for their shares and the consideration is received in cash or in the same form as previously paid by the interested stockholder for its shares.

Under the MGCL, a person is not an "interested stockholder" if the board of directors approved in advance the transaction by which the person otherwise would have become an interested stockholder. A corporation's board of directors may provide that its approval is subject to compliance with any terms and conditions determined by it.

We have elected to opt out of these provisions of the MGCL by resolution of our Board of Directors. However, our Board of Directors may by resolution elect to repeal the foregoing opt-outs from the business combination provisions of the MGCL.

Control Share Acquisitions

The MGCL provides that a holder of “control shares” of a Maryland corporation acquired in a “control share acquisition” has no voting rights with respect to such shares except to the extent approved by the affirmative vote of two-thirds of the votes entitled to be cast on the matter, excluding any of the following persons entitled to exercise or direct the exercise of the voting power of such shares in the election of directors: (1) a person who makes or proposes to make a control share acquisition, (2) an officer of the corporation or (3) an employee of the corporation who is also a director of the corporation. “Control shares” are voting shares of stock that, if aggregated with all other such shares previously acquired, directly or indirectly, by the acquirer, or in respect of which the acquirer is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of voting power: (A) one-tenth or more but less than one-third, (B) one-third or more but less than a majority or (C) a majority or more of all voting power.

Control shares do not include shares that the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval or shares acquired directly from the corporation. A “control share acquisition” means the acquisition, directly or indirectly, of ownership of, or the power to direct the exercise of voting power with respect to, issued and outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition, upon satisfaction of certain conditions (including an undertaking to pay expenses and making an acquiring person statement (as described in the MGCL)), may compel the board of directors to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the control shares. If no request for a meeting is made, the corporation may itself present the question at any stockholders’ meeting.

If voting rights of control shares are not approved at the meeting or if the acquiring person does not deliver an “acquiring person statement” as required by the statute, then, subject to certain conditions and limitations, the corporation may redeem any or all of the control shares (except those for which voting rights have previously been approved) for fair value determined, without regard to the absence of voting rights for the control shares, as of the date of any meeting of stockholders at which the voting rights of such shares are considered and not approved or, if no such meeting is held, as of the date of the last control share acquisition. If voting rights for control shares are approved at a stockholders’ meeting and the acquirer becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of such appraisal rights may not be less than the highest price per share paid by the acquirer in the control share acquisition.

The control share acquisition statute does not apply to (a) shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (b) acquisitions approved or exempted by the charter or bylaws of the corporation.

We have elected to opt out of these provisions of the MGCL pursuant to a provision in our bylaws. However, we may, by amendment to our bylaws, opt in to the control share provisions of the MGCL in the future.

Subtitle 8

Subtitle 8 of Title 3 of the MGCL permits a Maryland corporation with a class of equity securities registered under the Exchange Act and at least three independent directors to elect to be subject, by provision in its charter or bylaws or a resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to any or all of the following five provisions:

- a classified board consisting of three classes;
- a two-thirds vote requirement for removing a director;
- a requirement that the number of directors be fixed only by vote of the directors;
- a requirement that a vacancy on the board be filled only by the remaining directors and for the remainder of the full term of the class of directors in which the vacancy occurred; or
- a majority stockholder vote requirement for the calling of a special meeting of stockholders.

[Table of Contents](#)

Our charter provides that, except as may be provided by our Board of Directors in setting the terms of any class or series of stock, we elect to be subject to the provisions of Subtitle 8 relating to the filling of vacancies on our Board of Directors. Through provisions in our charter and bylaws unrelated to Subtitle 8, we already (1) require a two-thirds vote for the removal of any director from the Board of Directors, (2) vest in the Board of Directors the exclusive power to fix the number of directorships, subject to limitations set forth in our charter and bylaws, and (3) require, unless called by the chairman of our Board of Directors, our president, our chief executive officer or our Board of Directors, the request of stockholders entitled to cast not less than a majority of all votes entitled to be cast on a matter at such meeting to call a special meeting. We have not elected to classify our board.

Dissolution, Amendment to the Charter and Other Extraordinary Actions

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or convert into another entity unless declared advisable by the board of directors and approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Our charter provides for approval of any of these matters by the affirmative vote of stockholders entitled to cast a majority of the votes entitled to be cast on such matters, except that the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on such matter is required to amend the provisions of our charter relating to the removal of directors, the indemnification of our officers and directors, restrictions on ownership and transfer of our stock or the vote required to amend such provisions. Maryland law also permits a Maryland corporation to transfer all or substantially all of its assets without the approval of the stockholders of the corporation to an entity if all of the equity interests of the entity are owned, directly or indirectly, by the corporation. Because our operating assets may be held by our operating partnership or its subsidiaries, these subsidiaries may be able to merge or transfer all or substantially all of their assets without the approval of our stockholders.

Meetings of Stockholders

Under our bylaws, annual meetings of holders of our Common Stock must be held each year at a date, time and place determined by our Board of Directors. Special meetings of holders of our Common Stock may be called by the chairman of our Board of Directors, our chief executive officer, our president and our Board of Directors. Subject to the provisions of our bylaws, a special meeting of stockholders to act on any matter that may properly be considered at a meeting of stockholders must be called by our secretary upon the written request of stockholders entitled to cast a majority of all of the votes entitled to be cast on the matter at such meeting who have requested the special meeting in accordance with the procedures specified in our bylaws and provided the information and certifications required by our bylaws. Only matters set forth in the notice of a special meeting of stockholders may be considered and acted upon at such a meeting.

Advance Notice of Director Nominations and New Business

Our bylaws provide that with respect to an annual meeting of stockholders, nominations of persons for election to our Board of Directors and the proposal of business to be considered by stockholders may be made only (1) pursuant to our notice of the meeting, (2) by or at the direction of our Board of Directors, or (3) by a holder of our Common Stock who was a stockholder of record at the time of giving notice and at the time of our annual meeting, who is entitled to vote at the meeting and who has complied with the advance notice procedures set forth in our bylaws. Our bylaws provide that with respect to special meetings of our stockholders, only the business specified in our notice of meeting may be brought before the meeting, and nominations of persons for election to our Board of Directors may be made only (a) by or at the direction of our Board of Directors, or (b) provided that the special meeting has been called in accordance with our bylaws for the purpose of electing directors, by any holder of our Common Stock who was a stockholder of record at the time of giving notice and at the time of the special meeting, who is entitled to vote at the meeting and who has complied with the advance notice procedures set forth in our bylaws.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes the taxation of CIM Commercial and the material U.S. federal income tax consequences to holders of Common Stock of CIM Commercial. This discussion is for your general information only. For purposes of this section under the heading “Material U.S. Federal Income Tax Consequences,” references to “CIM Commercial” mean only CIM Commercial Trust Corporation and not its subsidiaries or other lower-tier entities, except as otherwise indicated. This summary is not tax advice. The tax treatment of a holder will vary depending upon the holder’s particular situation, and this summary addresses only holders that hold shares of Common Stock as capital assets and does not deal with all aspects of taxation that may be relevant to particular holders in light of their personal investment or tax circumstances. This summary also does not deal with all aspects of taxation that may be relevant to certain types of holders to which special provisions of the U.S. federal income tax laws apply, including:

- dealers in securities or currencies;
- traders in securities that elect to use a mark-to-market method of accounting for such traders’ securities holdings;
- banks;
- insurance companies;
- tax-exempt organizations;
- persons liable for the alternative minimum tax;
- persons that hold shares of Common Stock that are a hedge, that are hedged against interest rate or currency risks or that are part of a straddle or conversion transaction;
- persons that purchase or sell shares as part of a wash sale for tax purposes; and
- U.S. shareholders whose functional currency is not the U.S. dollar.

This summary is based on the Code, its legislative history, existing and proposed regulations under the Code, published rulings and court decisions. This summary describes the provisions of these sources of law only as they are currently in effect. All of these sources of law may change at any time, and any change in the law may apply retroactively. Changes in U.S. federal, state and local tax laws or regulations, with or without retroactive application, could have a negative effect on us. New legislation, U.S. Treasury regulations, administrative interpretations or court decisions could significantly and negatively affect our ability to qualify to be taxed as a REIT and/or the U.S. federal income tax consequences to holders of our securities and to us of such qualification. In addition, recent events and the shortfall in tax revenues for states and municipalities in recent years may lead to an increase in the frequency and size of such tax law changes. Congress recently enacted new law legislation that includes numerous significant tax law changes. Even changes that do not impose greater taxes on CIM Commercial could potentially result in adverse consequences to holders of Common Stock. For example, the legislation includes a decrease in corporate tax rates, which could decrease the attractiveness of REITs relative to companies that are not organized as REITs. The legislation does, however, permit noncorporate holders of Common Stock to deduct an amount equal to 20 percent of certain REIT dividends (see below under “—Taxation of Holders of Common Stock—U.S. Shareholders—Dividends”).

If a partnership holds shares of stock, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding shares of Common Stock should consult such partner’s tax advisor with regard to the U.S. federal income tax treatment of holding shares of Common Stock.

We urge you to consult with your own tax advisors regarding the tax consequences to you of acquiring, owning and selling Common Stock, including the federal, state, local and non-U.S. tax consequences of acquiring, owning and selling shares of Common Stock in your particular circumstances and potential changes in applicable laws.

As used in this section, the term “U.S. shareholder” means a holder of shares of Common Stock, who, for U.S. federal income tax purposes, is:

- a citizen or resident of the United States;

[Table of Contents](#)

- a domestic corporation;
- an estate whose income is subject to U.S. federal income taxation regardless of the income's source; or
- a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons have authority to control all substantial decisions of the trust.

Nonresident alien individuals, foreign corporations, foreign partnerships and estates or trusts that in either case are not subject to U.S. federal income tax on a net income basis, who own shares of Common Stock are referred to in this section as "non-U.S. shareholders."

Taxation of CIM Commercial as a REIT

In the opinion of Sullivan & Cromwell LLP, commencing with its taxable year ended December 31, 2014, CIM Commercial has been organized and operated in conformity with the requirements for qualification and taxation as a REIT under the Code for taxable years ending prior to the date hereof, and CIM Commercial's proposed method of operation will enable CIM Commercial to continue to meet the requirements for qualification and taxation as a REIT under the Code for subsequent taxable years. Please be aware, however, that opinions of counsel are not binding upon the IRS or any court.

In providing its opinion, Sullivan & Cromwell LLP is relying, without independent investigation, as to certain factual matters upon the statements and representations contained in certificates provided to Sullivan & Cromwell LLP with respect to CIM Commercial and its subsidiary that is also a REIT, which we refer to as the REIT Subsidiary.

CIM Commercial's qualification as a REIT under the Code will depend upon the continuing satisfaction by CIM Commercial and, given CIM Commercial's current ownership interests in the REIT Subsidiary, by the REIT Subsidiary, of requirements of the Code relating to qualification for REIT status. Some of these requirements depend upon actual operating results, distribution levels, diversity of stock ownership, asset composition, source of income and record keeping. Accordingly, while CIM Commercial intends to qualify to be taxed as a REIT for U.S. federal income tax purposes, the actual results of CIM Commercial or the REIT Subsidiary for any particular year might not satisfy these requirements. Neither Sullivan & Cromwell LLP nor any other law firm will monitor the compliance of CIM Commercial or the REIT Subsidiary with the requirements for REIT qualification on an ongoing basis.

The sections of the Code applicable to REITs are highly technical and complex. The following discussion summarizes material aspects of these sections of the Code.

As a REIT, CIM Commercial generally will not have to pay U.S. federal corporate income taxes on CIM Commercial's net income that CIM Commercial currently distributes to its stockholders. This treatment substantially eliminates the "double taxation" at the corporate and stockholder levels that generally results from investment in a regular corporation. CIM Commercial's dividends, however, generally will not be eligible for (i) the corporate dividends received deduction and (ii) the reduced rates of tax applicable to dividends received by non-corporate holders, although, as described below under "Taxation of Holders of Common Stock—U.S. Shareholders—Dividends", noncorporate holders of Common Stock would generally be entitled to a deduction equal to 20 percent of certain dividends paid by CIM Commercial.

Notwithstanding the above, CIM Commercial may have to pay U.S. federal income tax as follows:

- First, if CIM Commercial has any undistributed REIT taxable income, including undistributed net capital gains, CIM Commercial would have to pay tax at the regular corporate rate on such income and gains.
- Second, if CIM Commercial has (a) net income from the sale or other disposition of "foreclosure property," as defined in the Code, which is held primarily for sale to customers in the ordinary course of business or (b) other non-qualifying income from foreclosure property, CIM Commercial would have to pay tax at the corporate rate on that income.
- Third, if CIM Commercial has net income from "prohibited transactions," as defined in the Code, CIM Commercial would have to pay a 100% tax on that income. Prohibited transactions are, in general, certain sales or other dispositions of property, other than foreclosure property, held primarily for sale to customers in the ordinary course of business.

[Table of Contents](#)

- Fourth, if CIM Commercial should fail to satisfy the 75% gross income test or the 95% gross income test, as discussed below under “Requirements for Qualification—Income Tests,” but has nonetheless maintained CIM Commercial’s qualification as a REIT because CIM Commercial has satisfied certain other requirements, CIM Commercial would have to pay a 100% tax on an amount equal to (a) the gross income attributable to the greater of (i) 75% of CIM Commercial’s gross income over the amount of gross income that is qualifying income for purposes of the 75% test, and (ii) 95% of CIM Commercial’s gross income over the amount of gross income that is qualifying income for purposes of the 95% test, multiplied by (b) a fraction intended to reflect CIM Commercial’s profitability.
- Fifth, if CIM Commercial should fail to distribute during each calendar year at least the sum of (1) 85% of CIM Commercial’s REIT ordinary income for that year, (2) 95% of CIM Commercial’s REIT capital gain net income for that year and (3) any undistributed taxable income from prior periods, CIM Commercial would have to pay a 4% excise tax on the excess of that required distribution over the sum of the amounts actually distributed and retained amounts on which income tax is paid at the corporate level.
- Sixth, if CIM Commercial acquires any asset from a C corporation in certain transactions in which CIM Commercial must adopt the basis of the asset or any other property in the hands of the C corporation as the basis of the asset in the hands of CIM Commercial, and CIM Commercial recognizes gain on the disposition of that asset during the five-year period beginning on the date on which CIM Commercial acquired that asset, then CIM Commercial would have to pay tax on the built-in gain at the regular corporate rate.
- Seventh, if CIM Commercial derives “excess inclusion income” from a residual interest in a real estate mortgage investment conduit, or REMIC, or certain interests in a taxable mortgage pool, or TMP, CIM Commercial could be subject to corporate-level U.S. federal income tax at the corporate rate to the extent that such income is allocable to certain types of tax-exempt stockholders that are not subject to unrelated business income tax, such as government entities.
- Eighth, if CIM Commercial receives non-arm’s-length income from a TRS (as defined under “Requirements for Qualification—Asset Tests”), or as a result of services provided by a TRS to tenants of CIM Commercial, CIM Commercial would be subject to a 100% tax on the amount of CIM Commercial’s non-arm’s-length income.
- Ninth, if CIM Commercial fails to satisfy a REIT asset test, as described below, due to reasonable cause and CIM Commercial nonetheless maintains its REIT qualification because of specified cure provisions, CIM Commercial would generally be required to pay a tax equal to the greater of \$50,000 or the corporate tax rate multiplied by the net income generated by the nonqualifying assets that caused CIM Commercial to fail such test.
- Tenth, if CIM Commercial fails to satisfy any provision of the Code that would result in CIM Commercial’s failure to qualify as a REIT (other than a violation of the REIT gross income tests or asset tests described below) and the violation is due to reasonable cause, CIM Commercial could retain its REIT qualification but would be required to pay a penalty of \$50,000 for each such failure.

Requirements for Qualification

The Code defines a REIT as a corporation, trust or association:

- that is managed by one or more trustees or directors;
- the beneficial ownership of which is evidenced by transferable shares, or by transferable certificates of beneficial interest;
- that would otherwise be taxable as a U.S. corporation, but for the sections of the Code defining and providing special rules for REITs;
- that is neither a financial institution nor an insurance company to which certain provisions of the Code apply;
- the beneficial ownership of which is held by 100 or more persons;

[Table of Contents](#)

- during the last half of each taxable year, not more than 50% in value of the outstanding stock of which is owned, directly or constructively, by five or fewer individuals, as defined in the Code to include certain entities (the “not closely held requirement”); and
- that meets certain other tests, including tests described below regarding the nature of its income and assets.

The Code provides that the conditions described in the first through fourth bullet points above must be met during the entire taxable year and that the condition described in the fifth bullet point above must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months.

CIM Commercial has satisfied the conditions described in the first through fifth bullet points of the second preceding paragraph and believes that CIM Commercial has also satisfied the condition described in the sixth bullet point of the second preceding paragraph. In addition, CIM Commercial’s charter provides for restrictions regarding the ownership and transfer of CIM Commercial stock. These restrictions are intended to, among other things, assist CIM Commercial in continuing to satisfy the share ownership requirements described in the fifth and sixth bullet points of the preceding paragraph. The ownership and transfer restrictions pertaining to CIM Commercial stock are described in this prospectus under the heading “Description of Capital Stock—Restrictions on Ownership and Transfer of Capital Stock.”

Disregarded Entity Subsidiaries. A corporation that is a qualified REIT subsidiary, or QRS, as defined in the Code, will not be treated as a separate corporation, and all assets, liabilities and items of income, deduction and credit of a QRS of CIM Commercial will be treated as assets, liabilities and items of these kinds of CIM Commercial, unless CIM Commercial makes an election to treat such corporation as a TRS. Thus, in applying the requirements described in this section, CIM Commercial’s QRSs (if any) will be ignored, and all assets, liabilities and items of income, deduction and credit of these subsidiaries will be treated as assets, liabilities and items of these kinds of CIM Commercial. References to “disregarded entity subsidiaries” in this section include QRSs.

Partnerships. If a REIT is a partner in a partnership, U.S. Treasury regulations provide that the REIT will be deemed to own its proportionate share of the assets of the partnership and will be deemed to be entitled to the income of the partnership attributable to that proportionate share. In addition, the character of the assets and gross income of the partnership will retain the same character in the hands of the REIT for purposes of the rules of the Code defining REITs, including satisfying the gross income tests and the asset tests. Thus, CIM Commercial’s proportionate share of the assets, liabilities and items of income of any partnership in which CIM Commercial is a partner will be treated as assets, liabilities and items of income of CIM Commercial for purposes of applying the requirements described in this section and actions taken by partnerships in which CIM Commercial owns an interest, either directly or through one or more tiers of partnerships or disregarded entity subsidiaries, can affect CIM Commercial’s ability to satisfy the REIT income and asset tests and the determination of whether CIM Commercial has net income from prohibited transactions. See the fourth bullet point under the heading “Taxation of CIM Commercial as a REIT” above for a brief description of prohibited transactions.

Taxable REIT Subsidiaries. A taxable REIT subsidiary, which we refer to as TRS, is any corporation in which a REIT directly or indirectly owns stock, provided that the REIT and that corporation make a joint election to treat that corporation as a TRS. The election can be revoked at any time as long as the REIT and the TRS revoke such election jointly. In addition, if a TRS holds, directly or indirectly, more than 35% of the securities of any other corporation other than a REIT (by vote or by value), then that other corporation is also treated as a TRS. A corporation can be a TRS with respect to more than one REIT.

A TRS is subject to U.S. federal income tax at the regular corporate rate (currently 21%), and may also be subject to state and local taxation. Any dividends paid or deemed paid by any one of CIM Commercial’s TRSs will also be taxable, either (1) to CIM Commercial to the extent the dividend is retained by CIM Commercial or (2) to CIM Commercial’s stockholders to the extent the dividends received from the TRS are paid to CIM Commercial’s stockholders. CIM Commercial may hold more than 10% of the stock of a TRS without jeopardizing its qualification as a REIT under the Code notwithstanding the rule described below under “Asset Tests” that generally precludes ownership of more than 10% of any issuer’s securities. However, as noted below, in order for CIM Commercial to qualify as a REIT under the Code, the securities of all of the TRSs in which CIM Commercial holds either directly or indirectly may not represent more than 20% of the total value of CIM Commercial’s assets (25% with respect to CIM Commercial’s taxable years ending after December 31, 2009 and on or before December 31, 2017). CIM Commercial believes that the aggregate value of all of CIM Commercial’s interests in TRSs has represented and will continue to represent less than 20% (and for its taxable years ending after December 31, 2009 and on or before December 31, 2017, has represented less than 25%) of the total value of CIM Commercial’s assets; however, CIM Commercial cannot assure that this will always be true. Other than certain activities related to operating or managing a lodging or health care facility, a TRS may generally engage in any business including the provision of customary or non-customary services to tenants of the parent REIT.

Income Tests. In order to maintain CIM Commercial's qualification as a REIT, CIM Commercial annually must satisfy two gross income requirements.

- First, CIM Commercial must derive at least 75% of its gross income, excluding gross income from prohibited transactions, for each taxable year directly or indirectly from investments relating to real property, mortgages on real property or investments in REIT equity securities, including "rents from real property," as defined in the Code, or from certain types of temporary investments. Rents from real property generally include expenses of CIM Commercial that are paid or reimbursed by tenants.
- Second, at least 95% of CIM Commercial's gross income, excluding gross income from prohibited transactions, for each taxable year must be derived from real property investments as described in the preceding bullet point, dividends, interest and gain from the sale or disposition of stock or securities, or from any combination of these types of sources.

Rents that CIM Commercial receives will qualify as rents from real property in satisfying the gross income requirements for a REIT described above only if the rents satisfy several conditions.

- First, the amount of rent must not be based in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from rents from real property solely because the rent is based on a fixed percentage or percentages of receipts or sales.
- Second, the Code provides that rents received from a tenant will not qualify as rents from real property in satisfying the gross income tests if CIM Commercial, directly or under the applicable attribution rules, owns a 10% or greater interest in that tenant; except that rents received from a TRS under certain circumstances qualify as rents from real property even if CIM Commercial owns more than a 10% interest in the subsidiary. We refer to a tenant in which CIM Commercial owns a 10% or greater interest as a "related party tenant."
- Third, if rent attributable to personal property leased in connection with a lease of real property is greater than 15% of the total rent received under the lease, then the portion of rent attributable to the personal property will not qualify as rents from real property.
- Finally, for rents received to qualify as rents from real property, except as described below, CIM Commercial generally must not operate or manage the property or furnish or render services to the tenants of the property, other than through an independent contractor from whom CIM Commercial derives no revenue or through a TRS. However, CIM Commercial may directly perform certain services that landlords usually or customarily render when renting space for occupancy only or that are not considered rendered to the occupant of the property.

CIM Commercial does not and will not derive rental income attributable to personal property, other than personal property leased in connection with the lease of real property, the amount of which is less than 15% of the total rent received under the lease.

CIM Commercial directly performs services for some of its tenants. CIM Commercial does not believe that the provision of these services will cause its gross income attributable to these tenants to fail to be treated as rents from real property. If CIM Commercial were to provide services to a tenant of a property of CIM Commercial other than those services landlords usually or customarily provide to tenants of properties of a similar class in the same geographic market when renting space for occupancy only, amounts received or accrued by CIM Commercial for any of these services will not be treated as rents from real property for purposes of the REIT gross income tests. However, the amounts received or accrued for these services will not cause other amounts received with respect to the property to fail to be treated as rents from real property unless the amounts treated as received in respect of the service, together with amounts received for certain management services, exceed 1% of all amounts received or accrued by CIM Commercial during the taxable year with respect to the property. If the sum of the amounts received in respect of the services to tenants and management services described in the preceding sentence exceeds the 1% threshold, then all amounts received or accrued by CIM Commercial with respect to the property will not qualify as rents from real property, even if CIM Commercial provides the impermissible service to some, but not all, of the tenants of the property.

The term "interest" generally does not include any amount received or accrued, directly or indirectly, if the determination of that amount depends in whole or in part on the income or profits of any person. However, an amount received

[Table of Contents](#)

or accrued generally will not be excluded from the term interest solely because the amount of the interest is based on a fixed percentage or percentages of receipts or sales.

From time to time, CIM Commercial may enter into hedging transactions with respect to one or more of CIM Commercial's assets or liabilities. CIM Commercial's hedging activities may include entering into interest rate swaps, caps, and floors, options to purchase these items, and futures and forward contracts. Except to the extent provided by U.S. Treasury regulations, any income CIM Commercial derives from a hedging transaction that is clearly identified as such as specified in the Code, including gain from the sale or disposition of such a hedging transaction, will not constitute gross income for purposes of the 75% or 95% gross income tests, and therefore will be excluded for purposes of these tests, but only to the extent that the transaction hedges indebtedness incurred or to be incurred by us to acquire or carry real estate. Income from any hedging transaction is however, nonqualifying for purposes of the 75% gross income test with respect to transactions entered into on or prior to July 30, 2008. The term "hedging transaction," as used above, generally means any transaction CIM Commercial enters into in the normal course of its business primarily to manage risk of interest rate or price changes or currency fluctuations with respect to borrowings made or to be made, or ordinary obligations incurred or to be incurred, by CIM Commercial. For transactions entered into after July 30, 2008, the term "hedging transaction" also includes any transaction entered into primarily to manage the risk of currency fluctuations with respect to any item of income or gain that would be qualifying income under the 75% or 95% gross income test (or any property that generates such income or gain), including gain from the termination of such a transaction. The term "hedging transaction" also includes hedges of other hedging transactions described in this paragraph. CIM Commercial intends to structure any hedging transactions in a manner that does not jeopardize its status as a REIT.

As a general matter, certain foreign currency gains recognized after July 30, 2008 by CIM Commercial will be excluded from gross income for purposes of one or both of the gross income tests, as follows.

"Real estate foreign exchange gain" will be excluded from gross income for purposes of both the 75% and 95% gross income test. Real estate foreign exchange gain generally includes foreign currency gain attributable to any item of income or gain that is qualifying income for purposes of the 75% gross income test, foreign currency gain attributable to the acquisition or ownership of (or becoming or being the obligor under) obligations secured by mortgages on real property or on interests in real property and certain foreign currency gain attributable to certain qualified business units of a REIT.

"Passive foreign exchange gain" will be excluded from gross income for purposes of the 95% gross income test. Passive foreign exchange gain generally includes real estate foreign exchange gain as described above, and also includes foreign currency gain attributable to any item of income or gain that is qualifying income for purposes of the 95% gross income test and foreign currency gain attributable to the acquisition or ownership of (or becoming or being the obligor under) obligations that would not fall within the scope of the definition of real estate foreign exchange gain.

If CIM Commercial fails to satisfy one or both of the 75% or 95% gross income tests for any taxable year, CIM Commercial may nevertheless qualify as a REIT for that year if CIM Commercial satisfies the requirements of other provisions of the Code that allow relief from disqualification as a REIT. These relief provisions will generally be available if:

- CIM Commercial's failure to meet the income tests was due to reasonable cause and not due to willful neglect and
- CIM Commercial files a schedule of each item of income in excess of the limitations described above in accordance with regulations to be prescribed by the IRS.

CIM Commercial might not be entitled to the benefit of these relief provisions, however. Even if these relief provisions apply, CIM Commercial would have to pay a tax on the excess income. The tax will be a 100% tax on an amount equal to (a) the gross income attributable to the greater of (i) 75% of CIM Commercial's gross income over the amount of gross income that is qualifying income for purposes of the 75% test and (ii) 95% of CIM Commercial's gross income over the amount of gross income that is qualifying income for purposes of the 95% test, multiplied by (b) a fraction intended to reflect CIM Commercial's profitability.

Asset Tests. CIM Commercial, at the close of each quarter of its taxable year, must also satisfy four tests relating to the nature of its assets.

- First, at least 75% of the value of CIM Commercial's total assets must be represented by real estate assets, including (a) real estate assets held by CIM Commercial's disregarded entity subsidiaries (if any), CIM

[Table of Contents](#)

Commercial's allocable share of real estate assets held by partnerships in which CIM Commercial owns an interest and stock issued by another REIT, (b) for a period of one year from the date of CIM Commercial's receipt of proceeds of an offering of the shares of CIM Commercial stock or publicly offered debt with a term of at least five years, stock or debt instruments purchased with these proceeds and (c) cash, cash items and government securities.

- Second, not more than 25% of CIM Commercial's total assets may be represented by securities other than those in the 75% asset class (except that not more than 25% of CIM Commercial's total assets may be represented by "nonqualified" debt instruments issued by publicly offered REITs).
- Third, not more than 20% of CIM Commercial's total assets may constitute securities issued by TRSs (25% with respect to CIM Commercial's taxable years ending after December 31, 2009 and on or before December 31, 2017) and of the investments included in the 25% asset class, the value of any one issuer's securities, other than equity securities issued by another REIT or securities issued by a TRS, owned by CIM Commercial may not exceed 5% of the value of CIM Commercial's total assets. In addition, not more than 25% of the value of CIM Commercial's total assets may consist of "nonqualified" publicly offered debt issued by a REIT, as defined in Section 856(c)(5)(L) of the Code.
- Fourth, CIM Commercial may not own more than 10% of the vote or value of the outstanding securities of any one issuer, except for issuers that are REITs, disregarded entity subsidiaries or TRSs, or certain securities that qualify under a safe harbor provision of the Code (such as so-called "straight-debt" securities). Solely for the purposes of the 10% value test described above, the determination of CIM Commercial's interest in the assets of any entity treated as a partnership for U.S. federal income tax purposes in which CIM Commercial owns an interest will be based on CIM Commercial's proportionate interest in any securities issued by such entity, excluding for this purpose certain securities described in the Code.

If the IRS successfully challenges the partnership status of any of the partnerships in which CIM Commercial maintains a more than 10% vote or value interest, and the partnership is reclassified as a corporation or a publicly traded partnership taxable as a corporation, CIM Commercial could lose its REIT status. In addition, in the case of such a successful challenge, CIM Commercial could lose its REIT status if such recharacterization results in CIM Commercial otherwise failing one of the asset tests described above.

Certain relief provisions may be available to CIM Commercial if it fails to satisfy the asset tests described above after a 30-day cure period. Under these provisions, CIM Commercial will be deemed to have met the 5% and 10% REIT asset tests if the value of CIM Commercial's nonqualifying assets (i) does not exceed the lesser of (a) 1% of the total value of CIM Commercial's assets at the end of the applicable quarter and (b) \$10,000,000, and (ii) CIM Commercial disposes of the nonqualifying assets within (a) six months after the last day of the quarter in which the failure to satisfy the asset tests is discovered or (b) the period of time prescribed by U.S. Treasury regulations to be issued. For violations due to reasonable cause and not willful neglect that are not described in the preceding sentence, CIM Commercial may avoid disqualification as a REIT under any of the asset tests, after the 30-day cure period, by taking steps including (i) the disposition of the nonqualifying assets to meet the asset test within (a) six months after the last day of the quarter in which the failure to satisfy the asset tests is discovered or (b) the period of time prescribed by U.S. Treasury regulations to be issued, (ii) paying a tax equal to the greater of (a) \$50,000 or (b) the corporate tax rate multiplied by the net income generated by the nonqualifying assets, and (iii) disclosing certain information to the IRS.

Annual Distribution Requirements. CIM Commercial, in order to qualify as a REIT, is required to distribute dividends, other than capital gain dividends, to CIM Commercial's stockholders in an amount at least equal to (1) the sum of (a) 90% of CIM Commercial's "REIT taxable income," computed without regard to the dividends paid deduction and CIM Commercial's net capital gain, and (b) 90% of CIM Commercial's net after-tax income, if any, from foreclosure property minus (2) the sum of certain items of non-cash income.

In addition, if CIM Commercial acquired an asset from a C corporation in a carryover basis transaction and disposes of such asset within five years of acquiring the asset, CIM Commercial may be required to distribute at least 90% of the after-tax built-in gain, if any, recognized on the disposition of the asset.

These distributions must be paid in the taxable year to which the distributions relate, or in the following taxable year if declared before CIM Commercial timely files its tax return for the year to which the distributions relate and if paid on or before

[Table of Contents](#)

the first regular dividend payment after the declaration. However, for U.S. federal income tax purposes, these distributions that are declared in October, November or December as of a record date in such month and actually paid in January of the following year will be treated as if the distributions were paid on December 31 of the year declared.

To the extent that CIM Commercial does not distribute all of its net capital gain or distributes at least 90%, but less than 100%, of CIM Commercial's REIT taxable income, as adjusted, CIM Commercial will have to pay tax on the undistributed amounts at regular ordinary and capital gain corporate tax rates. Furthermore, if CIM Commercial fails to distribute during each calendar year at least the sum of (a) 85% of CIM Commercial's ordinary income for that year, (b) 95% of CIM Commercial's capital gain net income for that year and (c) any undistributed taxable income from prior periods, CIM Commercial would have to pay a 4% excise tax on the excess of the required distribution over the sum of the amounts actually distributed and retained amounts on which income tax is paid at the corporate level.

CIM Commercial intends to satisfy the annual distribution requirements.

From time to time, CIM Commercial may not have sufficient cash or other liquid assets to meet the 90% distribution requirement due to timing differences between (a) when CIM Commercial actually receives income and when CIM Commercial actually pays deductible expenses and (b) when CIM Commercial includes the income and deducts the expenses in arriving at CIM Commercial's taxable income. If timing differences of this kind occur, in order to meet the 90% distribution requirement, CIM Commercial may find it necessary to arrange for short-term, or possibly long-term, borrowings or to pay dividends in the form of taxable stock dividends.

Under certain circumstances, CIM Commercial may be able to rectify a failure to meet the distribution requirement for a year by paying "deficiency dividends" to stockholders in a later year, which may be included in CIM Commercial's deduction for dividends paid for the earlier year. Thus, CIM Commercial may be able to avoid being taxed on amounts distributed as deficiency dividends; however, CIM Commercial will be required to pay interest based upon the amount of any deduction taken for deficiency dividends.

Failure to Qualify as a REIT

If CIM Commercial would otherwise fail to qualify as a REIT because of a violation of one of the requirements described above, CIM Commercial's qualification as a REIT will not be terminated if the violation is due to reasonable cause and not willful neglect and CIM Commercial pays a penalty tax of \$50,000 for the violation. The immediately preceding sentence does not apply to violations of the income tests described above or a violation of the asset tests described above, each of which have specific relief provisions that are described above.

If CIM Commercial fails to qualify for taxation as a REIT in any taxable year, and the relief provisions do not apply, CIM Commercial will have to pay tax on CIM Commercial's taxable income at the regular corporate rate. CIM Commercial will not be able to deduct distributions to stockholders in any year in which CIM Commercial fails to qualify, nor will CIM Commercial be required to make distributions to stockholders. In this event, to the extent of current and accumulated earnings and profits, all distributions to stockholders will be taxable to the stockholders as dividend income (which may be subject to tax at preferential rates) and corporate distributees may be eligible for the dividends-received deduction if such distributees satisfy the relevant provisions of the Code. In addition, a noncorporate stockholder would not be eligible for the 20% deduction in respect of certain REIT dividends. Unless entitled to relief under specific statutory provisions, CIM Commercial will also be disqualified from taxation as a REIT for the four taxable years following the year during which qualification was lost. CIM Commercial might not be entitled to the statutory relief described above in all circumstances.

Excess Inclusion Income

If CIM Commercial holds a residual interest in a REMIC or certain interests in a TMP from which CIM Commercial derives "excess inclusion income," CIM Commercial may be required to allocate such income among its shareholders in proportion to the dividends received by CIM Commercial's shareholders, even though CIM Commercial may not receive such income in cash. To the extent that excess inclusion income is allocable to a particular shareholder, the income (1) would not be allowed to be offset by any net operating losses otherwise available to the shareholder, (2) would be subject to tax as unrelated business taxable income in the hands of most types of shareholders that are otherwise generally exempt from U.S. federal income tax, and (3) would result in the application of U.S. federal income tax withholding at the maximum rate (30%), without reduction pursuant to any otherwise applicable income tax treaty, to the extent allocable to most types of non-U.S. shareholders.

Taxation of Holders of Common Stock

U.S. Shareholders

Dividends. As long as CIM Commercial qualifies as a REIT, distributions made by CIM Commercial out of its current or accumulated earnings and profits, and not designated as capital gain dividends, will constitute dividends taxable to CIM Commercial's taxable U.S. shareholders as ordinary income. Noncorporate U.S. shareholders, however, will generally not be entitled to the preferential tax rate applicable to certain types of dividends except with respect to the portion of any distribution (a) that represents income from dividends CIM Commercial received from a corporation in which CIM Commercial owns shares (but only if such dividends would be eligible for the lower rate on dividends if paid by the corporation to its individual shareholders), (b) that is equal to the sum of CIM Commercial's REIT taxable income (taking into account the dividends paid deduction available to CIM Commercial) and certain net built-in gain with respect to property acquired from a C corporation in certain transactions in which CIM Commercial must adopt the basis of the asset in the hands of the C corporation for CIM Commercial's previous taxable year and less any taxes paid by CIM Commercial during its previous taxable year, or (c) that represents earnings and profits that were accumulated in a prior non-REIT taxable year, in each case, provided that certain holding period and other requirements are satisfied at both CIM Commercial and individual shareholder level.

Under recently enacted legislation, for taxable years beginning after December 31, 2017 and on or before December 31, 2025, noncorporate holders of shares in a REIT such as CIM Commercial are entitled to a deduction equal to 20% of any "qualified REIT dividends". Qualified REIT dividends are defined as any dividend from a REIT that is not a capital gain dividend or a dividend attributable to dividend income from U.S. corporations or certain non-U.S. corporations. A noncorporate U.S. shareholder's ability to claim a deduction equal to 20% of qualified REIT dividends received may be limited by the shareholder's particular circumstances. In addition, for any noncorporate U.S. shareholder that claims a deduction in respect of qualified REIT dividends, the maximum threshold for the accuracy-related penalty with respect to substantial understatements of income tax could be reduced from 10% to 5%.

Noncorporate U.S. shareholders should consult their own tax advisors to determine the tax rates on dividends received from CIM Commercial and the ability to claim a deduction in respect of such dividends.

Distributions made by CIM Commercial will not be eligible for the dividends received deduction in the case of U.S. shareholders that are corporations. Distributions made by CIM Commercial that CIM Commercial properly designates as capital gain dividends will be taxable to U.S. shareholders as gain from the sale of a capital asset held for more than one year, to the extent that such dividends do not exceed CIM Commercial's actual net capital gain for the taxable year, without regard to the period for which a U.S. shareholder has held the shares of CIM Commercial stock. Thus, with certain limitations, capital gain dividends received by an individual U.S. shareholder may be eligible for preferential rates of taxation. U.S. shareholders that are corporations may, however, be required to treat up to 20% of certain capital gain dividends as ordinary income.

To the extent that CIM Commercial makes distributions not designated as capital gain dividends in excess of CIM Commercial's current and accumulated earnings and profits, these distributions will be treated first as a tax-free return of capital to each U.S. shareholder. Thus, these distributions will reduce the adjusted basis that the U.S. shareholder has in the shares of CIM Commercial stock for tax purposes by the amount of the distribution, but not below zero. Distributions in excess of a U.S. shareholder's adjusted basis in the shares of CIM Commercial stock will be taxable as capital gains, provided that the shares of CIM Commercial stock have been held as a capital asset. For purposes of determining the portion of distributions on separate classes of shares of CIM Commercial stock that will be treated as dividends for U.S. federal income tax purposes, current and accumulated earnings and profits will be allocated to distributions resulting from priority rights of preferred stock before being allocated to other distributions.

CIM Commercial may make distributions to holders of shares of Common Stock that are paid in shares of Common Stock. In certain circumstances, these distributions may be intended to be treated as dividends for U.S. federal income tax purposes and a U.S. shareholder would, therefore, generally have taxable income with respect to such distributions of shares of Common Stock and may have a tax liability on account of such distribution in excess of the cash (if any) that is received.

U.S. shareholders holding shares of CIM Commercial stock at the close of CIM Commercial's taxable year will be required to include, in computing the U.S. shareholders' long-term capital gains for the taxable year in which the last day of CIM Commercial's taxable year falls, the amount of CIM Commercial's undistributed net capital gain that CIM Commercial designates in a written notice mailed to its shareholders. CIM Commercial may not designate amounts in excess of CIM Commercial's undistributed net capital gain for the taxable year. Each U.S. shareholder required to include the designated

[Table of Contents](#)

amount in determining the shareholder's long-term capital gains will be deemed to have paid, in the taxable year of the inclusion, the tax paid by CIM Commercial in respect of the undistributed net capital gains. U.S. shareholders to whom these rules apply will be allowed a credit or a refund, as the case may be, for the tax such shareholders are deemed to have paid. U.S. shareholders will increase their basis in the shares of CIM Commercial stock by the difference between the amount of the includible gains and the tax deemed paid by the shareholders in respect of these gains. Shareholders may not include in their own income tax returns any net operating losses or capital losses of CIM Commercial.

As described above, dividends authorized by CIM Commercial in October, November, or December of any year and payable to a shareholder of record on a specified date in any of these months will be treated as both paid by CIM Commercial and received by the shareholder on December 31 of that year, provided that CIM Commercial actually pays the dividend on or before January 31 of the following calendar year. Shareholders may not include in their own income tax returns any net operating losses or capital losses of CIM Commercial.

Distributions made by CIM Commercial and gain arising from a U.S. shareholder's sale or exchange of shares of CIM Commercial stock will not be treated as passive activity income. As a result, U.S. shareholders generally will not be able to apply any passive losses against that income or gain.

Sale or Exchange of shares of CIM Commercial stock. When a U.S. shareholder sells or otherwise disposes of shares of CIM Commercial stock, the shareholder will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference between (a) the amount of cash and the fair market value of any property received on the sale or other disposition, and (b) the holder's adjusted basis in the shares for tax purposes. This gain or loss will be capital gain or loss if the U.S. shareholder has held the shares as capital assets. The gain or loss will be long-term gain or loss if the U.S. shareholder has held the shares for more than one year. Long-term capital gain of an individual U.S. shareholder is generally taxed at preferential rates. In general, any loss recognized by a U.S. shareholder when the shareholder sells or otherwise disposes of shares of CIM Commercial stock that the shareholder has held for six months or less, after applying certain holding period rules, will be treated as a long-term capital loss, to the extent of distributions received by the shareholder from CIM Commercial that were required to be treated as long-term capital gains.

Backup Withholding. CIM Commercial will report to its U.S. shareholders and the Internal Revenue Service the amount of dividends paid during each calendar year, and the amount of tax withheld, if any. Under the backup withholding rules, backup withholding may apply to a shareholder with respect to dividends paid unless the holder (a) is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact or (b) provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with applicable requirements of the backup withholding rules. The Internal Revenue Service may also impose penalties on a U.S. shareholder that does not provide CIM Commercial with such shareholder's correct taxpayer identification number. A shareholder may credit any amount paid as backup withholding against the shareholder's income tax liability. In addition, CIM Commercial may be required to withhold a portion of capital gain distributions to any shareholders who fail to certify their non-foreign status to CIM Commercial.

Taxation of Tax-Exempt Shareholders. The Internal Revenue Service has ruled that amounts distributed as dividends by a REIT generally do not constitute unrelated business taxable income when received by a tax-exempt entity. Based on that ruling, provided that a tax-exempt shareholder is not one of the types of entities described below and has not held its shares as "debt financed property" within the meaning of the Code, and the shares are not otherwise used in a trade or business, the dividend income from shares will not be unrelated business taxable income to a tax-exempt shareholder. Similarly, income from the sale of shares will not constitute unrelated business taxable income unless the tax-exempt shareholder has held the shares as "debt financed property" within the meaning of the Code or has used the shares in a trade or business.

Notwithstanding the above paragraph, tax-exempt shareholders will be required to treat as unrelated business taxable income any dividends paid by CIM Commercial that are allocable to CIM Commercial's "excess inclusion" income, if any.

Income from an investment in shares of CIM Commercial stock will constitute unrelated business taxable income for tax-exempt shareholders that are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, and qualified group legal services plans exempt from U.S. federal income taxation under the applicable subsections of Section 501(c) of the Code, unless the organization is able to properly deduct amounts set aside or placed in reserve for certain purposes so as to offset the income generated by the shares of CIM Commercial stock. Prospective purchasers of our Common Stock of the types described in the preceding sentence should consult their tax advisors concerning these "set aside" and reserve requirements.

[Table of Contents](#)

Notwithstanding the foregoing, however, a portion of the dividends paid by a “pension-held REIT” will be treated as unrelated business taxable income to any trust that:

- is described in certain provisions of the Code relating to qualified pension, profit-sharing and stock bonus plans;
- is described in certain provisions of the Code relating to tax-exempt organizations and
- holds more than 10% (by value) of the equity interests in the REIT.

Tax-exempt pension, profit-sharing and stock bonus funds described in the first bullet point above are referred to below as “qualified trusts.” A REIT is a “pension-held REIT” if:

- the REIT would not have qualified as a REIT but for the fact that the Code provides that stock owned by qualified trusts will be treated, for purposes of the “not closely held” requirement, as owned by the beneficiaries of the trust (rather than by the trust itself) and
- either (a) at least one qualified trust holds more than 25% by value of the outstanding capital stock of the REIT or (b) one or more qualified trusts, each of which owns more than 10% by value of the outstanding capital stock of the REIT, hold in the aggregate more than 50% by value of the outstanding capital stock of the REIT.

The percentage of any REIT dividend treated as unrelated business taxable income to a qualifying trust is equal to the ratio of (a) the gross income of the REIT from unrelated trades or businesses, determined as though the REIT were a qualified trust, less direct expenses related to this gross income to (b) the total gross income of the REIT, less direct expenses related to the total gross income. A de minimis exception applies where this percentage is less than 5% for any year. CIM Commercial does not expect to be classified as a “pension-held REIT.”

The rules described above under the heading “U.S. Shareholders” concerning the inclusion of CIM Commercial’s designated undistributed net capital gains in the income of CIM Commercial’s shareholders will apply to tax-exempt entities. Thus, tax-exempt entities will be allowed a credit or refund of the tax deemed paid by these entities in respect of the includible gains.

Medicare Tax. A U.S. shareholder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax on the lesser of (1) the U.S. shareholder’s “net investment income” (or “undistributed net investment income” in the case of an estate or trust) for the relevant taxable year and (2) the excess of the U.S. shareholder’s modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between \$125,000 and \$250,000, depending on the individual’s circumstances). A holder’s net investment income generally includes the holder’s dividend income and the holder’s net gains from the disposition of shares of CIM Commercial stock, unless such dividends or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. shareholder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your holding of CIM Commercial stock.

Non-U.S. Shareholders

The rules governing U.S. federal income taxation of non-U.S. shareholders are highly technical and complex. The following discussion is only a limited summary of these rules. Prospective non-U.S. shareholders should consult with their own tax advisors to determine the impact of U.S. federal, state and local income tax laws with regard to an investment in Common Stock, including any reporting requirements.

Ordinary Dividends. Distributions, other than distributions that are treated as attributable to gain from sales or exchanges by CIM Commercial of U.S. real property interests, as discussed below, and other than distributions designated by CIM Commercial as capital gain dividends, will be treated as ordinary income to the extent that the distributions are made out of CIM Commercial’s current or accumulated earnings and profits. A withholding tax equal to 30% of the gross amount of the distribution will ordinarily apply to distributions of this kind to non-U.S. shareholders, unless an applicable tax treaty reduces that tax. However, if income from the investment in CIM Commercial stock is treated as effectively connected with the non-U.S. shareholder’s conduct of a U.S. trade or business or is attributable to a permanent establishment that the non-U.S. shareholder maintains in the United States if that is required by an applicable income tax treaty as a condition for subjecting the

[Table of Contents](#)

non-U.S. shareholder to U.S. taxation on a net income basis, tax at graduated rates will generally apply to the non-U.S. shareholder in the same manner as U.S. shareholders are taxed with respect to dividends, and the 30% branch profits tax may also apply if the shareholder is a non-U.S. corporation. CIM Commercial expects that it or the required withholding agent will withhold U.S. tax at the rate of 30% on the gross amount of any dividends, other than dividends treated as attributable to gain from sales or exchanges of U.S. real property interests and capital gain dividends, paid to a non-U.S. shareholder, unless (a) a lower treaty rate applies and the required form evidencing eligibility for that reduced rate is filed with CIM Commercial or the appropriate withholding agent or (b) the non-U.S. shareholder files an Internal Revenue Service Form W-8-ECI or a successor form with CIM Commercial or the appropriate withholding agent claiming that the distributions are effectively connected with the non-U.S. shareholder's conduct of a U.S. trade or business and in either case other applicable requirements were met.

If a non-U.S. shareholder receives an allocation of "excess inclusion income" with respect to a REMIC residual interest or an interest in a TMP owned by CIM Commercial, the non-U.S. shareholder will be subject to U.S. federal income tax withholding at the maximum rate of 30% with respect to such allocation, without reduction pursuant to any otherwise applicable income tax treaty.

Return of Capital. Distributions in excess of CIM Commercial's current and accumulated earnings and profits, which are not treated as attributable to the gain from CIM Commercial's disposition of a U.S. real property interest, will not be taxable to a non-U.S. shareholder to the extent that the distributions do not exceed the non-U.S. shareholder's adjusted basis in such shareholder's shares of CIM Commercial stock. Distributions of this kind will instead reduce the adjusted basis of such shares. To the extent that distributions of this kind exceed the non-U.S. shareholder's adjusted basis in such shareholder's shares of CIM Commercial stock, the distributions will give rise to tax liability if the non-U.S. shareholder otherwise would have to pay tax on any gain from the sale or disposition of the shares, as described below. If it cannot be determined at the time a distribution is made whether the distribution will be in excess of current and accumulated earnings and profits, withholding will apply to the distribution at the rate applicable to dividends. However, the non-U.S. shareholder may seek a refund of these amounts from the Internal Revenue Service if it is subsequently determined that the distribution was, in fact, in excess of CIM Commercial's current and accumulated earnings and profits.

Also, CIM Commercial (or applicable withholding agent) could potentially be required to withhold at least 15% of any distribution in excess of CIM Commercial's current and accumulated earnings and profits, even if the non-U.S. shareholder is not liable for U.S. tax on the receipt of that distribution. However, a non-U.S. shareholder may seek a refund of these amounts from the Internal Revenue Service if the non-U.S. shareholder's tax liability with respect to the distribution is less than the amount withheld. Such withholding should generally not be required if a non-U.S. shareholder would not be taxed under the Foreign Investment in Real Property Tax Act of 1980, as amended, which we refer to as FIRPTA, upon a sale or exchange of shares of CIM Commercial stock. See discussion below under "Sales of Shares of CIM Commercial Stock."

Capital Gain Dividends. Distributions that are attributable to gains from sales or exchanges by CIM Commercial of U.S. real property interests that are paid with respect to any class of CIM Commercial stock that is regularly traded on an established securities market located in the United States and held by a non-U.S. shareholder who does not own more than 10% of such class of stock at any time during the one year period ending on the date of distribution will be treated as a normal distribution by CIM Commercial, and such distributions will be taxed as described above in "Ordinary Dividends".

Distributions that are not described in the preceding paragraph that are attributable to gains from sales or exchanges by CIM Commercial of U.S. real property interests will be taxed to a non-U.S. shareholder under the provisions of FIRPTA. Under this statute, these distributions are taxed to a non-U.S. shareholder as if the gains were effectively connected with a U.S. business. Thus, non-U.S. shareholders will be taxed on the distributions at the normal capital gain rates applicable to U.S. shareholders, subject, in the case of non-corporate holders, to any applicable alternative minimum tax and a special alternative minimum tax in the case of individuals, and the 30% branch profits tax may also apply if the shareholder is a non-U.S. corporation. CIM Commercial (or applicable withholding agent) is required by applicable U.S. Treasury regulations under this statute to withhold 35% of any distribution that CIM Commercial could designate as a capital gain dividend. However, if CIM Commercial designates as a capital gain dividend a distribution made before the day CIM Commercial actually effects the designation, then although the distribution may be taxable to a non-U.S. shareholder, withholding does not apply to the distribution under this statute. Rather, CIM Commercial must effect the 35% withholding from distributions made on and after the date of the designation, until the distributions so withheld equal the amount of the prior distribution designated as a capital gain dividend. The non-U.S. shareholder may credit the amount withheld against its U.S. tax liability.

Distributions to a non-U.S. shareholder that are designated by CIM Commercial at the time of distribution as capital gain dividends that are not attributable to or treated as attributable to the disposition by CIM Commercial of a U.S. real property

[Table of Contents](#)

interest generally will not be subject to U.S. federal income taxation, except as described above.

Share Distributions. CIM Commercial has not made, but in the future may make, distributions to holders of Common Stock that are paid in shares of Common Stock. In certain circumstances, these distributions may be intended to be treated as dividends for U.S. federal income tax purposes and, accordingly, would be treated in a manner consistent with the discussion above under “Ordinary Dividends” and “Capital Gain Dividends.” If CIM Commercial (or applicable withholding agent) is required to withhold an amount in excess of any cash distributed along with the shares of Common Stock, some of the shares that would otherwise be distributed will be retained and sold in order to satisfy such withholding obligations.

Sales of Shares of CIM Commercial Stock. Gain recognized by a non-U.S. shareholder upon a sale or exchange of shares of CIM Commercial stock generally will not be taxed under FIRPTA if CIM Commercial is a “domestically controlled REIT,” defined generally as a REIT, less than 50% in value of the stock of which is and was held directly or indirectly by foreign persons at all times during a specified testing period (provided that, if any class of a REIT’s stock is regularly traded on an established securities market in the United States, a person holding less than 5% of such class during the testing period is presumed not to be a foreign person, unless CIM Commercial has actual knowledge otherwise). CIM Commercial believes that it is a “domestically controlled REIT,” and, therefore, assuming that CIM Commercial continues to be a “domestically controlled REIT,” that taxation under this statute generally will not apply to the sale of shares of CIM Commercial stock. However, gain to which this statute does not apply will be taxable to a non-U.S. shareholder if holding shares of CIM Commercial stock is treated as effectively connected with the non-U.S. shareholder’s U.S. trade or business or is attributable to a permanent establishment that the non-U.S. shareholder maintains in the United States if that is required by an applicable income tax treaty as a condition for subjecting the non-U.S. shareholder to U.S. taxation on a net income basis. In this case, the same treatment will apply to the non-U.S. shareholder as to U.S. shareholders with respect to the gain. In addition, gain to which FIRPTA does not apply will be taxable to a non-U.S. shareholder if the non-U.S. shareholder is a nonresident alien individual who was present in the United States for 183 days or more during the taxable year and has a “tax home” in the United States, or maintains an office or a fixed place of business in the United States to which the gain is attributable. In this case, a 30% tax will apply to the nonresident alien individual’s capital gains. A similar rule will apply to capital gain dividends to which this statute does not apply.

If CIM Commercial does not qualify as a “domestically controlled REIT,” the tax consequences to a non-U.S. shareholder of a sale of shares of CIM Commercial stock depends upon whether such stock is regularly traded on an established securities market and the amount of such stock that is held by the non-U.S. shareholder. Specifically, a non-U.S. shareholder that holds a class of shares of CIM Commercial stock that is traded on an established securities market will only be subject to FIRPTA in respect of a sale of such shares if the shareholder owned more than 10% of the shares of such class at any time during a specified period. This period is generally the shorter of the period that the non-U.S. shareholder owned such shares or the five-year period ending on the date when the shareholder disposed of the shares. A non-U.S. shareholder that holds shares of a class of CIM Commercial stock that is not traded on an established securities market will be subject to FIRPTA in respect of a sale of such shares only if on the date the shares were acquired by the shareholder such shares had a fair market value greater than the fair market value on that date of 5% of the regularly traded class of CIM Commercial’s outstanding shares with the lowest fair market value. If a non-U.S. shareholder holds a class of shares of CIM Commercial stock that is not regularly traded on an established securities market, and subsequently acquires additional shares of the same class, then all such shares must be aggregated and valued as of the date of the subsequent acquisition for purposes of the 5% test that is described in the preceding sentence. If tax under FIRPTA applies to the gain on the sale of shares of CIM Commercial stock, the same treatment would apply to the non-U.S. shareholder as to U.S. shareholders with respect to the gain, subject to any applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals.

Qualified Stockholders and Qualified Foreign Pension Funds

Our stock will not be treated as a U.S. real property interest subject to FIRPTA if the stock is held directly (or indirectly through one or more partnerships) by a “qualified stockholder” or “qualified foreign pension fund.” Similarly, any distribution made to a “qualified stockholder” or “qualified foreign pension fund” with respect to our stock will not be treated as gain from the sale or exchange of a U.S. real property interest to the extent our stock held by such qualified stockholder or qualified foreign pension fund is not treated as a U.S. real property interest.

A “qualified stockholder” generally means a foreign person which (i) (x) is eligible for certain income tax treaty benefits and the principal class of interests of which is listed and regularly traded on at least one recognized stock exchange or (y) a foreign limited partnership that has an agreement with the United States for the exchange of information with respect to taxes, has a class of limited partnership units which is regularly traded on the New York Stock Exchange or NASDAQ, and

[Table of Contents](#)

such units' value is greater than 50% of the value of all the partnership's units; (ii) is a "qualified collective investment vehicle;" and (iii) maintains certain records with respect to certain of its owners. A "qualified collective investment vehicle" is a foreign person which (i) is entitled, under a comprehensive income tax treaty, to certain reduced withholding rates with respect to ordinary dividends paid by a REIT even if such person holds more than 10% of the stock of the REIT; (ii) (x) is a publicly traded partnership that is not treated as a corporation, (y) is a withholding foreign partnership for purposes of chapters 3, 4 and 61 of the Code, and (z) if the foreign partnership were a United States corporation, it would be a United States real property holding corporation, at any time during the five-year period ending on the date of disposition of, or distribution with respect to, such partnership's interest in a REIT; or (iii) is designated as a qualified collective investment vehicle by the Secretary of the U.S. Treasury and is either fiscally transparent within the meaning of Section 894 of the Code or is required to include dividends in its gross income, but is entitled to a deduction for distribution to a person holding interests (other than interests solely as a creditor) in such foreign person.

Notwithstanding the foregoing, if a foreign investor in a qualified stockholder directly or indirectly, whether or not by reason of such investor's ownership interest in the qualified stockholder, holds more than 10% of our stock, then a portion of the our stock held by the qualified stockholder (based on the foreign investor's percentage ownership of the qualified stockholder) will be treated as a U.S. real property interest in the hands of the qualified stockholder and will be subject to FIRPTA.

A "qualified foreign pension fund" is any trust, corporation, or other organization or arrangement (A) which is created or organized under the law of a country other than the United States, (B) which is established to provide retirement or pension benefits to participants or beneficiaries that are current or former employees (or persons designated by such employees) of one or more employers in consideration for services rendered, (C) which does not have a single participant or beneficiary with a right to more than 5% of its assets or income, (D) which is subject to government regulation and provides annual information reporting about its beneficiaries to the relevant tax authorities in the country in which it is established or operates, and (E) with respect to which, under the laws of the country in which it is established or operates, (i) contributions to such organization or arrangement that would otherwise be subject to tax under such laws are deductible or excluded from the gross income of such entity or taxed at a reduced rate, or (ii) taxation of any investment income of such organization or arrangement is deferred or such income is taxed at a reduced rate.

Backup Withholding and Information Reporting

If you are a non-U.S. shareholder, we and other payors are required to report payments of dividends on IRS Form 1042-S even if the payments are exempt from withholding. However, you are otherwise generally exempt from backup withholding and information reporting requirements with respect to:

- dividend payments and
- the payment of the proceeds from the sale of our stock effected at a U.S. office of a broker,

as long as the income associated with these payments is otherwise exempt from U.S. federal income tax, and:

- the payor or broker does not have actual knowledge or reason to know that you are a U.S. person and you have furnished to the payor or broker:
 - a valid IRS Form W-8BEN or W-8BEN-E, as applicable, or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-U.S. person, or
 - other documentation upon which the payor or broker may rely to treat the payments as made to a non-U.S. person in accordance with U.S. Treasury regulations or
- you otherwise establish an exemption.

Payment of the proceeds from the sale of our stock effected at a non-U.S. office of a broker generally will not be subject to information reporting or backup withholding. However, a sale of such shares that is effected at a non-U.S. office of a broker will be subject to information reporting and backup withholding if:

- the proceeds are transferred to an account maintained by you in the United States,

[Table of Contents](#)

- the payment of proceeds or the confirmation of the sale is mailed to you at a United States address, or
- the sale has some other specified connection with the United States as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a U.S. person and the documentation requirements described above are met or you otherwise establish an exemption.

In addition, a sale of our stock will be subject to information reporting if it is effected at a non-U.S. office of a broker that is:

- a U.S. person,
- a controlled foreign corporation for U.S. federal tax purposes,
- a non-U.S. person 50% or more of whose gross income is effectively connected with the conduct of a U.S. trade or business for a specified three-year period, or
- a non-U.S. partnership, if at any time during its tax year:
 - one or more of such non-U.S. partnership's partners are "U.S. persons," as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership or
 - such non-U.S. partnership is engaged in the conduct of a U.S. trade or business,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a U.S. person.

You generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed your income tax liability by filing a refund claim with the IRS.

FATCA Withholding

Pursuant to Sections 1471 through 1474 of the Code, commonly known as the Foreign Account Tax Compliance Act, which we refer to as FATCA, a 30% withholding tax, which we refer to as FATCA Withholding, may be imposed on certain payments to you or to certain foreign financial institutions, investment funds and other non-U.S. persons receiving payments on your behalf if you or such persons fail to comply with certain information reporting requirements. Such payments will include U.S.-source dividends and the gross proceeds from the sale or other disposition of stock that can produce U.S.-source dividends. Payments of dividends (including deemed dividends) that you receive in respect of our stock could be affected by this withholding if you are subject to the FATCA information reporting requirements and fail to comply with them or if you hold our stock through a non-U.S. person (e.g., a non-U.S. bank or broker) that fails to comply with these requirements (even if payments to you would not otherwise have been subject to FATCA Withholding). However, FATCA Withholding will not apply to payments of gross proceeds from a sale or other disposition of our stock before January 1, 2019. You should consult your own tax advisors regarding the relevant U.S. law and other official guidance on FATCA Withholding.

U.S. Federal Estate Taxes

Our stock held by a non-U.S. shareholder at the time of death will be included in the shareholder's gross estate for U.S. Federal estate tax purposes, unless an applicable estate tax treaty provides otherwise.

Other Tax Consequences

State or local taxation may apply to us and our stockholders in various state or local jurisdictions, including those in which we or our stockholders transact business or reside. The state and local tax treatment of us and our stockholders may not conform to the U.S. Federal income tax consequences discussed above. Consequently, prospective stockholders should consult their own tax advisors regarding the effect of state and local tax laws on acquisitions of our Common Stock.

PLAN OF DISTRIBUTION

We are registering the shares of Common Stock covered by this prospectus to permit the Selling Stockholder to conduct public secondary sales of the Common Stock from time to time after the date of this prospectus. We will not receive any of the proceeds of the sale of the Common Stock offered by this prospectus. The aggregate proceeds to the Selling Stockholder from the sale of the Common Stock will be the sales price of the Common Stock less any discounts and commissions. The Selling Stockholder reserves the right to accept and, together with its agents, to reject, any proposed purchases of Common Stock to be made directly or through agents.

The Common Stock offered by this prospectus may be sold from time to time to purchasers:

- directly by the Selling Stockholder and its successors, which include its donees, pledgees or transferees or its successors- in-interest, or
- through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, commissions or agent's commissions from the Selling Stockholder or the purchasers of the Common Stock. These discounts, concessions or commissions may be in excess of those customary in the types of transactions involved; any such compensation paid to any underwriter, broker-dealer or agent in connection with any sale of common stock by the Selling Stockholder pursuant to this prospectus will be in compliance with Financial Industry Regulatory Authority guidelines addressing underwriting compensation in connection with public offerings.

The Selling Stockholder and any underwriters, broker-dealers or agents who participate in the sale or distribution of the Common Stock may be deemed to be "underwriters" within the meaning of the Securities Act. As a result, any profits on the sale of the Common Stock by the Selling Stockholder and any discounts, commissions or agent's commissions or concessions received by any such broker-dealer or agents may be deemed to be underwriting discounts and commissions under the Securities Act. If the Selling Stockholder is deemed to be an "underwriter" within the meaning of Section 2(11) of the Securities Act, it will be subject to prospectus delivery requirements of the Securities Act. Underwriters are subject to certain statutory liabilities, including, but not limited to, Sections 11, 12 and 17 of the Securities Act.

The Common Stock may be sold in one or more transactions at:

- fixed prices;
- prevailing market prices at the time of sale;
- prices related to such prevailing market prices;
- varying prices determined at the time of sale; or
- negotiated prices.

The sales may be effected in one or more transactions:

- on any national securities exchange, other exchange or quotation on which the Common Stock may be listed or quoted at the time of the sale;
- in the over-the-counter market;
- in transactions other than on such exchanges or services or in the over-the-counter market;
- through the writing of options (including the issuance by the Selling Stockholder of derivative securities), whether the options or such other derivative securities are listed on an options exchange or otherwise;
- in a public auction;
- through the settlement of short sales; or
- through any combination of the foregoing.

[Table of Contents](#)

These transactions may include block transactions or crosses. Crosses are transactions in which the same broker acts as an agent on both sides of the trade.

In connection with the sales of the Common Stock, the Selling Stockholder may enter into hedging transactions with broker-dealers or other financial institutions which in turn may:

- engage in short sales of the Common Stock in the course of hedging their positions;
- sell the Common Stock short and deliver the Common Stock to close out short positions;
- loan or pledge the Common Stock to broker-dealers or other financial institutions that in turn may sell the Common Stock;
- enter into option or other transactions with broker-dealers or other financial institutions that require the delivery to the broker-dealer or other financial institution of the Common Stock, which the broker-dealer or other financial institution may resell under the prospectus; or
- enter into transactions in which a broker-dealer makes purchases as a principal for resale for its own account or through other types of transactions.

To our knowledge, there are currently no plans, arrangements or understandings between the Selling Stockholder and any underwriter, broker-dealer or agent regarding the sale of the Common Stock by the Selling Stockholder.

The Common Stock is listed on NASDAQ and the TASE, in each case under the symbol “CMCT.”

There can be no assurance that the Selling Stockholder will sell any or all of the Common Stock under this prospectus. Further, we cannot assure you that the Selling Stockholder will not transfer, devise or gift the Common Stock by other means not described in this prospectus. The Common Stock covered by this prospectus may also be sold to non-U.S. persons outside the U.S. in accordance with Regulation S under the Securities Act rather than under this prospectus. The Common Stock may be sold in some states only through registered or licensed brokers or dealers. In addition, in some states the Common Stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification is available and complied with.

The Selling Stockholder and any other person participating in the sale of the Common Stock will be subject to the Exchange Act. The Exchange Act rules include, without limitation, Regulation M, which may limit the timing of purchases and sales of any of the Common Stock by the Selling Stockholder and any other such person. In addition, Regulation M may restrict the ability of any person engaged in the distribution of the Common Stock to engage in market-making activities with respect to the Common Stock being distributed. This may affect the marketability of the Common Stock and the ability of any person or entity to engage in market-making activities with respect to the Common Stock.

We have agreed to indemnify the Selling Stockholder against certain liabilities, including liabilities under the Securities Act, the Exchange Act or other federal or state law.

We have agreed to pay all of the expenses, other than underwriting discounts and commissions incurred in connection with registrations, incidental to the registration of the Common Stock, including all registration and filing fees, printing expenses and fees and disbursements of our counsel and our accountants and one counsel for the Selling Stockholder.

Item 15. Indemnification of Directors and Officers.

Maryland law permits a Maryland corporation to include in its charter a provision eliminating the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active or deliberate dishonesty established in a judgment or other final adjudication to be material to the cause of action. Our charter contains a provision that eliminates the liability of our directors and officers to the maximum extent permitted by Maryland law.

Maryland law requires a Maryland corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in that capacity. Maryland law permits a Maryland corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or other capacities unless it is established that:

- an act or omission of the director or officer was material to the matter giving rise to the proceeding and (i) was committed in bad faith or (ii) was the result of active and deliberate dishonesty;
- the director or officer actually received an improper personal benefit in money, property or services; or
- in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. In addition, Maryland law permits a Maryland corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

- a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation; and
- a written undertaking by the director or officer or on the director's or officer's behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the director or officer did not meet the standard of conduct.

Our charter and bylaws obligate us, to the maximum extent permitted by Maryland law, to indemnify and, without requiring a preliminary determination of the ultimate entitlement to indemnification, pay or reimburse reasonable expenses in advance of final disposition of a proceeding to:

[Table of Contents](#)

- any present or former director or officer who is made, or threatened to be made, a party to, or witness in, the proceeding by reason of his or her service in that capacity; or
- any individual who, while a director or officer of our Company and at our Company's request, serves or has served another corporation, real estate investment trust, limited liability company, partnership, joint venture, trust, employee benefit plan or any other enterprise as a director, officer, trustee, member, manager or partner and who is made, or threatened to be made, a party to, or witness in, the proceeding by reason of his or her service in that capacity.

Our charter and bylaws also permit us, subject to approval from our Board of Directors, to indemnify and advance expenses to any person who served a predecessor of our Company in any of the capacities described above and to any employee or agent of our Company or a predecessor of our Company.

Insofar as the foregoing provisions permit indemnification of directors, officer or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the SEC this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Further, we have entered into an Indemnification Agreement with each of our directors and named executive officers. Each Indemnification Agreement provides that we will indemnify and hold harmless each such director or named executive officer to the fullest extent permitted by law.

In addition, the Merger Agreement provides further indemnification to each manager, director or officer of the Company or any of its subsidiaries, together with such person's heirs, executors and administrators, which indemnification will survive the Merger for a period of six years, in the event of any threatened or actual claim, action, suit, demand, proceeding or investigation, whether civil, criminal or administrative, including any such claim, action, suit, demand, proceeding or investigation based in whole or in part on, or arising in whole or in part out of, or pertaining to (i) the fact that he or she is or was a manager, director or officer of the Company or any of its subsidiaries, or is or was serving at the request of the Company or any of its subsidiaries as a manager, director, officer, employee, fiduciary or agent of another corporation, partnership, joint venture, trust or other enterprise, or (ii) the discussion, negotiation, execution or performance of the Merger Agreement or any arrangement, agreement or document contemplated thereby or delivered in connection therewith, or otherwise directly or indirectly relating to the Merger Agreement or any such arrangement, agreement or document, or any of the transactions contemplated thereunder

Item 17. Undertakings

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or

[Table of Contents](#)

decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (a)(1)(i), (ii), and (iii) of this section do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining liability under the Securities Act to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(5) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(6) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

[Table of Contents](#)

(8) For the purpose of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1), or (4), or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(9) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

CIM Commercial Trust Corporation,
17950 Preston Road, Suite 600
Dallas, Texas 75252.

Dear Sirs:

We have acted as your United States federal income tax counsel in connection with the filing on January 9, 2018, of the Post-Effective Amendment No. 3 on Form S-3 to the Registration Statement on Form S-11 filed on April 27, 2015 (the "Registration Statement") by CIM Commercial Trust Corporation, a Maryland corporation ("CIM REIT").

In rendering this opinion, we have reviewed such documents as we have considered necessary or appropriate. In addition, in rendering this opinion, we have relied, without independent investigation, as to certain factual matters upon the statements and representations contained in certificates provided to us by CIM REIT and CIM Urban REIT Holdings, LLC, dated January 9, 2018 (collectively, the "Certificates").

In rendering this opinion, we have also assumed, with your approval, that (i) the statements and representations made in the Certificates are true, correct and

complete, and (ii) each of the Certificates has been executed by appropriate and authorized officers.

Based on the foregoing and in reliance thereon and subject thereto and on an analysis of the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations thereunder, judicial authority and current administrative rulings and such other laws and facts as we have deemed relevant and necessary, we hereby confirm our opinion that commencing with its taxable year ending December 31, 2014, CIM REIT has been organized in conformity with the requirements for qualification as a REIT under the Code, its manner of operations has enabled it to satisfy the requirements for qualification as a real estate investment trust for taxable years ending on or prior to the date hereof, and its proposed method of operations will enable it to satisfy the current requirements for qualification and taxation as a real estate investment trust under the Code for subsequent taxable years.

This opinion represents our legal judgment, but it has no binding effect or official status of any kind, and no assurance can be given that contrary positions may not be taken by the Internal Revenue Service or a court.

CIM REIT's qualification as a real estate investment trust will depend upon the continuing satisfaction by CIM REIT and CIM Urban REIT Holdings, LLC of the requirements of the Code relating to qualification for real estate investment trust status, which requirements include those that are dependent upon actual operating results, distribution levels, diversity of stock ownership, asset composition, source of income and

record keeping. We have not monitored and do not undertake to monitor whether CIM REIT or CIM Urban REIT Holdings, LLC actually has satisfied or will satisfy the various real estate investment trust qualification tests.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the reference to us under the heading "Material U.S. Federal Income Tax Consequences" in the Prospectus included in the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act of 1933.

Very truly yours,
/s/ SULLIVAN & CROMWELL LLP
